

Fabricio Goncalves, MD: A Committed Pediatric Neuroradiologist at Children's of Alabama

Expert in Pediatric Neuroradiology Brings Extensive Experience and Specialized Skills to Birmingham, Alabama

New York City, New York Dec 4, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Fabricio Goncalves, a distinguished

pediatric neuroradiologist, is a member of the medical team at Children's of Alabama, where he will provide specialized imaging services to young patients. With a robust educational background and specialized training, he is well-equipped to address a wide range of pediatric neurological conditions.

In regard to his educational background, he completed his medical education at the Universidade Federal de Uberlândia Medical School in Brazil, where he received a solid foundation in medicine. He further honed his skills during his radiology residency at the Hospital Foundation of Brasília, followed by a fellowship in radiology at the Universidade de Brasília Medical School. His passion for neuroradiology led him to complete a fellowship at the prestigious McGill University in Canada, and he further advanced his expertise through a Pediatric Neuroradiology Fellowship at the Children's Hospital of Philadelphia.

At Children's of Alabama, Dr. Goncalves focuses on various aspects of pediatric neuroradiology, with special interests in the neuroradiology of the developing brain, brain tumors, diffusion-weighted imaging, magnetic resonance spectroscopy, metabolic disorders, and head and neck imaging. His expertise in these areas allows him to provide comprehensive assessments and diagnoses, essential for the effective treatment and management of pediatric patients.

Committed to advancing pediatric healthcare, he is actively involved in research and education within the field of neuroradiology. His work aims to enhance the understanding of neurological disorders in children, improving diagnostic techniques and treatment options.
