

Fixsquad and Virgin Megastore Announce Innovative Partnership to Offer In-Store Gadget Repair Services Across the UAE

Dubai, United Arab Emirates Feb 1, 2026 ([IssueWire.com](https://www.IssueWire.com)) - [Fixsquad](#), a leader in electronics repair in UAE, is proud to announce a landmark partnership with Virgin Megastore, setting a new standard for convenience in gadget care across the UAE. This collaboration introduces a unique service model, blending Fixsquad's repair expertise with Virgin Megastore's extensive retail network, to deliver unparalleled service accessibility to customers.

Under this strategic partnership, Fixsquad has initially set up dedicated service points in Virgin Megastore's prime locations at Dubai Mall and Mall of the Emirates. These service points offer customers the convenience of immediate, on-site gadget repair services. For customers at other locations, a seamless drop-and-collect service is available. This allows customers to leave their devices at any Virgin Megastore across Dubai, Abu Dhabi, and Sharjah, from where Fixsquad will collect, repair, and return the devices to the store for customer pickup.

The collaboration aims to expand further, with plans to establish Fixsquad service points in all Virgin Megastore locations across the UAE. This expansion will enhance the accessibility and convenience of professional electronic repair services, making it easier for customers to access top-tier gadget care while they shop.

What It Means for Customers

The presence of Fixsquad's service points in Virgin Megastores transforms the traditional repair service model, allowing customers to shop, explore, or relax while their devices are being expertly serviced. The convenience of dropping off a device for repair in a familiar retail environment, combined with the trust and reliability associated with both Fixsquad and Virgin Megastore brands, ensures a stress-free repair experience. Moreover, this setup provides easy accessibility to Fixsquad's expert services, enabling customers to benefit from professional advice and repair solutions without the need for lengthy travel or wait times.
