

Harrison H. Lee, MD, DMD, FACS: A Leader in Bi-Coastal Facial Plastic Surgery

Offering Exceptional Care and Natural Results

New York City, New York Jan 25, 2025 ([Issuewire.com](https://www.issuewire.com)) - One of the most respected bi-coastal facial plastic surgeons, Dr. Lee's practice spans Beverly Hills, California, New York City, New York, and Dubai, UAE. With an extensive range of cosmetic procedures tailored for both men and women, his commitment to safety and natural results has earned him a reputation as a leader in the field of facial plastic surgery.

He specializes in a comprehensive suite of surgical procedures, including facelifts, rhinoplasties, neck lifts, facial feminization surgery (FFS), liposuction, breast implants, cheek implants, and Asian eyelid double fold surgery. His unique approach prioritizes listening to patients, careful planning, and precise execution of surgery, ensuring that each individual receives the highest standard of care.

“I believe the key to achieving exceptional results lies in understanding my patients’ concerns and guiding them through their journey,” said Dr. Lee. “I never pressure patients; instead, I provide them with the information and support they need to make informed decisions about their aesthetics.”

Beyond his practice, he served as an attending surgeon at Hollywood Presbyterian Medical Center and was a Clinical Instructor within the Department of Otolaryngology-Head and Neck Surgery, Division of Facial Plastic Surgery at the University of Southern California School of Medicine. His dedication to quality and safety in facial cosmetic surgery is evident through his emphasis on pre-operative education, intra-operative techniques, and post-operative comfort.

Graduating with a Bachelor of Science degree from Tufts University, Dr. Lee earned his Medical Degree from New York Medical College in 1992. He completed residencies in general surgery and otolaryngology-head and neck surgery at Mount Sinai Medical Center, followed by a prestigious fellowship in facial plastic and reconstructive surgery at The Lasky Clinic in Beverly Hills.

With nearly two decades of medical and surgical training, he has mastered the complexities of the human face. His qualifications include a Doctor of Medicine in Dentistry Degree and a residency in oral and maxillofacial surgery. Dr. Lee holds triple board certifications from the American Board of Facial Plastic & Reconstructive Surgery, the American Board of Oral & Maxillofacial Surgery, and the American Board of Otolaryngology-Head and Neck Surgery.

On a professional level, Dr. Lee actively participates in advancing the field of plastic surgery as an Overseas Fellow of the Royal Society of Medicine and an Associate Fellow of the American Society of Cosmetic Breast Surgery. He is also a Fellow of several prestigious organizations, including the American College of Surgeons and the American Academy of Cosmetic Surgery. His dedication to remaining abreast of the latest advancements ensures that his patients receive state-of-the-art care.

As a principal investigator for various significant research programs, he is involved in groundbreaking studies, including the Gel™ Breast Implant Post Approval Study and the Silicone Gel-Filled Mammary Prosthesis Adjunct Study. His research efforts reflect his commitment to enhancing surgical techniques and outcomes.

Recognized for his exceptional skills, Dr. Lee has been honored as a “Top Physician” by the Consumers’ Research Education Council and has numerous national and international presentations and publications to his credit. His profound appreciation for facial aesthetics, combined with his extensive medical and dental background, allows him to achieve natural-looking results that enhance his patients’ beauty.
