New York City, New York Dec 23, 2024 ([Issuewire.com](https://www.issuewire.com)) - La Creme de la STEM™, the only global, private network for early-stage female founders in tech and science, has announced that it is officially seeking Founding Members to launch the community in January 2025. The application is open to all female founders building in Science, Technology, Engineering, or Mathematics fields, bootstrapped, pre-

seed or seed, who understand the power of the network.

All interactions will happen online. The mission of the company is to create a safe and supportive environment where early-stage female founders can thrive, wherever they are located. By getting access to knowledge and feedback from investors, experts, and corporate partners of all backgrounds and genders, these founders will take their businesses to the next level.

Marion Siboni, founder and CEO of La Creme de la STEM™, said, "We are excited to launch the application process for our Founding Members. We believe that this private network will provide a unique and valuable platform for early-stage female founders in STEM. We are thrilled to have received validation from investors like Antler and Techstars, and partners like HubSpot for Startups, Cake and many more."

Founding Members of La Creme de la STEM™ will enjoy a range of benefits, including:

- **Investors Office Hours** - Over 130 vetted venture capitalists, including prominent accelerators and angel investor groups, are committed to supporting female founders by providing thoughtful feedback and demystifying the investing process.
- **Expert Insights** - Members will gain valuable knowledge from successful entrepreneurs who have navigated the challenges of businesses and achieving exits.
- **Corporate Partnerships** - Members will access exclusive perks and discounts from leading service providers tailored for startups.
- **Newsletter feature:** Opportunities to be featured in the [newsletter](#) which counts more than 4000 investors, entrepreneurs and operators in the tech ecosystem
- **Access to exclusive content to support the members in honing their entrepreneurial skills**

Lori Rodriguez, advisor at La Creme de la STEM™ and bestselling author, concluded: "In my years of working with C-suite technology leaders, I've seen firsthand the transformative power of diverse perspectives." Adding "La Creme de la STEM™ serves as a powerful launchpad for the next generation of groundbreaking female-led startups that will define our technological future."

As a mission-driven company, La Creme de la STEM™ is a Public Benefit Corporation, meaning it is legally required to consider the impact of their decisions on a broader range of stakeholders, including employees, customers, communities, and the ecosystem. La Creme de la STEM™ supports the United Nations Sustainable Development Goals 4) Quality Education, 5) Gender Equality, 8) Decent Work and Economic Growth, 10) Reduced Inequalities and 17) Partnership Goals, ensuring that it does not only strive for business success but also contribute positively to society.
