Labz would Define Amapiano as the sound of the streets, a genre born from the heart of South Africa's townships. It's a fusion of soul, jazz, and electronic music, with a unique blend of percussive piano melodies and heavy, syncopated drum patterns. Amapiano is more than just a genre - it's a movement, a cultural phenomenon that's taking the world by storm.

In this book, we celebrate the reign of Amapiano, the king of South African music, and the talented artists who have contributed to its rise. One such artist is Labz, a trailblazing musician from Mpumalanga, South Africa.
