

Madhavi Meka, MD, Elevates Vascular Care in Phoenix with Apex Vein & Vascular Institute

Delivering Innovative Treatments for Venous Disorders with Integrity and Excellence

New York City, New York Dec 19, 2024 ([Issuewire.com](https://www.issuewire.com)) - Madhavi Meka, MD, a distinguished board-certified and fellowship-trained vascular surgeon, is proud to announce her leadership at Apex Vein & Vascular Institute, where she brings over a decade of expertise in diagnosing and treating venous disorders. Dr. Meka and her dedicated team are committed to providing comprehensive care for conditions such as varicose veins and spider veins, employing a minimally invasive approach that prioritizes patient comfort and recovery.

At Apex Vein & Vascular Institute, patients can access advanced treatment options, including radiofrequency ablation, VenaSeal glue ablation, and sclerotherapy. Dr. Meka emphasizes the importance of addressing not just the visible symptoms but also the underlying vascular issues, ensuring that each patient receives a personalized treatment plan tailored to their specific needs. Her goal is to restore not only the appearance of the legs but also the active lifestyles that patients desire.

Dr. Meka's passion for medicine began in her youth, inspired by a fascination with the human body and its intricate systems. This early interest led her to volunteer with underserved populations and contribute to health organizations, laying the groundwork for her illustrious career in medicine.

After earning her Medical Degree from Gandhi Medical College, one of India's largest medical institutions, Dr. Meka honed her skills in venous valve repairs and deep venous reconstructions during her training. Relocating to the United States, she completed her internship at the University of North Dakota and a residency in general surgery at Memorial Health University Medical Center in Georgia. Dr. Meka further advanced her expertise with a fellowship in vascular surgery at the University of Arkansas for Medical Sciences in 2011. Throughout her academic journey, she has made significant contributions to vascular research, publishing several papers and presenting her findings at various conferences.

After completing her fellowship, Dr. Meka served as a consulting vascular surgeon at Harris Methodist Hospital in Texas. She then transitioned to an academic role in vascular surgery at the VA Medical Center in Phoenix, working in partnership with Banner University Medical Center.

A highly accomplished professional, Dr. Meka is a Fellow of the Society for Vascular Surgery and actively contributes to developing guidelines that advance vascular care. She is also double board-certified by the American Board of Surgery (vascular surgery) and the American Board of Vascular Medicine (endovascular medicine), and she holds the designation of Registered Physician in Vascular Interpretation.

Currently, Dr. Meka serves as a Clinical Assistant Professor of Surgery at The University of Arizona College of Medicine-Phoenix, where she shares her knowledge and expertise with the next generation of surgeons.

With her extensive training and commitment to patient-centered care, Dr. Madhavi Meka and her team at Apex Vein & Vascular Institute are revolutionizing the treatment of venous disorders in Phoenix, helping patients reclaim their health and confidence.
