has released his new hit single- Trendingg Topicc (yes it's spelled like that), and he definitely is trending! Musical legacy Aron Michael is a guitarist, bassist, percussionist, music producer, musical artist, and definitely a trending topic! He is a proud native of Shreveport, where a statue of his great great uncle Lead Belly stands in downtown Shreveport, LA-a city also now home to Curtis "50 Cent" Jackson's G-Unit Studio.

Aron Michael has been writing and producing music since about age 13, but he has been playing drums and guitar since he was a toddler.
