 **GLOBAL
SUMMIT
BLR 2024** 

10th & 11th
December 2024

Meet Us at **Booth S81**,
Bangalore International
Exhibition Center (BIEC)

Mumbai, Maharashtra Dec 9, 2024 ([Issuewire.com](https://www.issuewire.com)) - Precisio Technologies, a leading provider of cutting-edge web and mobile app software development services, is thrilled to announce its participation in TieCon Global, taking place on December 10-11, 2024, at the Bangalore International Exhibition Centre.

As a pioneer in delivering transformative digital solutions, Precisio Technologies will spotlight its expertise in **web and mobile app development, AI/ML consulting, industrial automation**, and its **proven track record in performance marketing and SEO services**. Attendees will have the opportunity to explore how Precisio's tailored offerings empower businesses across industries to thrive in an increasingly digital-first world.

"We are excited to be part of TieCon Global 2024, a premier platform for entrepreneurs, investors, and innovators. This event aligns perfectly with our mission to drive meaningful change through technology and marketing excellence," said Suraj Gupta, Founder, and CEO at Precisio Technologies.

Visitors can connect with Precisio Technologies at Booth S81 to learn more about:

- Launch of AI/ML Powered **CMMS & EAM software** built for companies that require plant maintenance services integrated with SAP S4 Hana and Oracle ERP
- Recent success stories, including the **design and development of travel and hospitality solutions** integrated with Rental United, PriceLabs, RazorPay, Zand ohoSign for Global Travel Management company.
- AI/ML-driven **Mobile app for Facility management chemical manufacturing** company

Exhibiting at TieCon Global 2024 marks an exciting milestone in Precisio Technologies' journey to expand its global footprint and foster strategic collaborations. Precisio is poised to deliver insights and solutions that redefine industry standards.
