

Sahu Corporation Secures Global Distribution Rights for Ancient Alchemical Oils

Buffalo, New York Jan 10, 2025 ([IssueWire.com](https://www.issuewire.com)) - Sahu Corporation, headquartered in Buffalo, NY, proudly announces that it has secured **global distribution rights** for its transformative **Sahu Sacred Oils**. This milestone positions the company as the exclusive international distributor for these ancient, alchemical oils sourced directly from Luxor, Egypt—a region renowned for its rich history and mystical traditions.

The agreement, officially signed with a renowned Egyptian facility near Luxor, grants Sahu Corporation global access to these cold-pressed, 100% natural oils, meticulously crafted using ancient Egyptian techniques. These oils, revered for their purity, energetic properties, and transformative qualities, are ethically produced without chemicals or preservatives, making them a **unique offering in the wellness and spiritual markets worldwide**.

“It is an extraordinary honor to carry this ancient tradition forward and make these oils accessible to a global audience,” said **Jim Kupczyk**, Founder of Sahu Corporation. “The rich history, unmatched purity, and alchemical wisdom behind these oils resonate deeply with individuals seeking physical, emotional, and spiritual transformation. We are proud to bring these sacred offerings to the world while honoring their origins.”

Ancient Alchemy Meets Modern Transformation

Sahu Sacred Oils are unlike conventional essential oils. They are carefully cold-pressed using a **1,400-pound granite wheel** powered by oxen, a method that preserves the plant’s purest essence. Some batches are also infused with cosmic energies through rituals in the **King’s Chamber of the Great Pyramid of Giza**, making these oils a truly unique fusion of ancient wisdom and modern wellness practices.

Global Impact

Sahu Corporation’s mission extends beyond distribution. By introducing these oils to global markets, the company seeks to:

- Support individuals on their journeys of healing, mindfulness, and elevated consciousness.
- Partner with **lightworkers, holistic practitioners, wellness boutiques, and conscious businesses** worldwide.
- Promote sustainability and ethical sourcing practices that honor the land and its sacred traditions.

The Power of Sacred Collaboration

To amplify their global impact, Sahu Corporation has launched an **Affiliate Program**, inviting wellness influencers, energy healers, and heart-centered entrepreneurs to collaborate. Through this initiative, Sahu aims to build a global network of advocates passionate about sharing the transformative power of these oils.
