

Sammy Clelland, BSN, RN: A Dedicated Leader in Nursing at Novant Health

Bringing Expertise in Infusion Therapy and Emergency Care to Enhance Patient Outcomes

New York City, New York Dec 20, 2024 ([Issuewire.com](https://www.issuewire.com)) - Sammy Clelland, BSN, RN, serves as the Nurse Manager at Novant Health in Clemmons, North Carolina, bringing extensive expertise in infusion therapy and emergency care to the organization. With a career built on a foundation of education and a passion for patient care, he is committed to excellence in nursing practice and improving patient outcomes.

Pertaining to his educational pursuits, he earned his Bachelor of Science in Nursing from Southern New Hampshire University in July 2023, following a progressive educational journey that includes an Associate Degree in Nursing from Surry Community College and a Practical Nursing certificate from Montgomery Community College. His academic achievements, combined with his practical experience, have equipped him with the skills necessary to lead a diverse team of healthcare professionals effectively.

With a focus on non-oncology infusion, Sammy has cultivated a deep understanding of patient needs and the complexities of care delivery. His approach emphasizes collaboration, ensuring that each member of the healthcare team contributes to the overall well-being of patients. “I believe that fostering a collaborative environment is key to delivering the best patient care,” said Clelland. “Every team member plays a vital role, and together we can achieve remarkable outcomes.”

Beginning his nursing journey at First Health Montgomery Memorial Hospital in Troy, North Carolina, his dedication to the field has been evident throughout his career. Sammy is driven by a resolute determination to make a difference in the lives of patients. His leadership style is characterized by a commitment to continuous learning, encouraging his team to pursue ongoing education and professional development.

As the Nurse Manager at Novant Health, Sammy is poised to implement innovative strategies that enhance patient care and streamline processes within the nursing department. His vision includes advocating for the integration of new technologies and practices that improve patient safety and satisfaction.
