

## SampsonODB Finally Drops "The Birth Of Sampson EP"!

After a long awaited arrival, SampsonODB has finally dropped his debut release of "The Birth Of Sampson EP", a 12-song disc showcasing Sampson's skills early on in the game.

Edmonton, Alberta Dec 19, 2024 ([Issuewire.com](http://Issuewire.com)) - It has been 4 years in the making, but SampsonODB has finally released "The Birth Of Sampson EP"; a twelve song masterpiece that showcases some of SampsonODB's impressive skills early on in the game.

The disc features verses from iCue, SYONIS, D-Nyce (RIP), Non The Non, Snappz, and Craigles

Ogrady. The versatile songs and witty punchlines make this EP a definite "Must-Listen".

SampsonODB, previously known as SampsonOnDaBeat, spent the last 4 years producing for primarily Western Canada's underground hip-hop scene during Covid-19, he quickly began to be a staple and celebrity in the local music scene in Edmonton, Alberta. SampsonODB continues to wow his peers with his production skills and now his skills on the mic as well. He is one artist that should be noted to become in the spotlight soon.

"The Birth Of Sampson EP" is exclusively on YouTube, and can be found at [Here](#) where you can subscribe to the channel for all of the latest releases from him.

4 days until the next release of "How To Be A Beat Demon For Dummies Volume 1"
