

TRENSER named fastest growing technology company in Deloitte Technology Fast 50 India 2024

Attributes its success to the strategic shift in business focus towards Digital Product Engineering Services following the COVID-19 pandemic.

Thiruvananthapuram, Kerala Dec 18, 2024 ([IssueWire.com](https://www.issuewire.com)) - Trensar Technology Solutions (P) Ltd. today announced that it featured on the list of the Deloitte Technology Fast 50 India 2024 (in the Digital & Cloud Tech category), which awards the 50 fastest-growing technology companies in India. The rankings are based on percentage revenue growth over three years TRENSER grew 162% percent during this period.

TRENSER's CEO, Jayachandran Nair, credits the strategic shift to Digital Product Engineering Services and early investments made in building competence in the Digital & Cloud Technology areas with the company's 162% revenue growth over the past three years. He said, *"We are thankful to Deloitte India for this recognition. It reflects our focus on delivering cutting-edge Digital and Cloud Technology solutions that helped achieve transformative results for our customers. We are extremely grateful to our talented team and the trust of our patrons, which have been central to our success."*

"Making it to the Deloitte Technology Fast 50 India ranking is a testament to a company's commitment to technology," remarked Peeyush Vaish, Partner and TMT Industry Leader, Deloitte India. *"With its work in the Digital & Cloud Tech TRENSER has proven that its leadership has the vision,*

determination, and ability to adapt and grow in a fast-changing environment.”

Deloitte Technology Fast 50, over the years, has become one of the most aspirational and coveted recognitions for tech entrepreneurs in the nation. The list comprises some of the most highly competitive, new-age, agile businesses that are not only focusing on revenue and growth but are also resolving numerous societal challenges, including issues of sustainability, financial inclusion, medical technology, et al.

The Indian technology sector is at a transformative crossroads. With innovation-focused policies, increasing digital inclusivity, and global recognition, India's tech ecosystem is setting new benchmarks. The Deloitte TechFast50 winners exemplify agility, scalability, and impactful innovation. This year's cohort of winners highlights the resilience and ingenuity driving India's tech evolution. At Deloitte, we are proud to support this journey of building better futures together," said Peeyush Vaish, Partner and TMT Industry Leader, Deloitte India. "We extend our congratulations to Tenser Technology Solutions (P) Ltd. on being recognized as one of the 50 fastest-growing technology companies in India.

Deloitte Technology Fast 50 India programme selection and qualifications

The Deloitte Technology Fast 50 India programme, which was launched in 2005, is conducted by Deloitte Touche Tohmatsu India LLP (DTTILLP) and is part of a truly integrated Asia Pacific programme recognising India's fastest growing and most dynamic technology businesses (public and private) and includes all areas of technology - from internet to biotechnology, from medical and scientific to computers/hardware.

The programme recognizes the fastest-growing technology companies in India. Rankings are determined through submitted applications and research from public company databases, with winners chosen for their growth and cutting-edge technological innovation.

About Deloitte

- Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see www.deloitte.com/about to learn more. All the facts and figures that talk to our size and diversity and years of experiences, as notable and important as they may be, are secondary to the truest

measure of Deloitte: the impact we make in the world. So, when people ask, “What’s different about Deloitte?” the answer resides in the many specific examples of where we have helped Deloitte member firm clients, our people, and sections of society to achieve remarkable goals, solve complex problems, or make meaningful progress. Deeper still, it’s in the beliefs, behaviors, and fundamental sense of purpose that underpin all that we do. Deloitte Globally has grown in scale and diversity— more than 450,000 people in 150 countries, providing multidisciplinary services yet our shared culture remains the same.
