

## WebSouls Launches Exclusive Offer Free Domain with Web Hosting

Lahore, Punjab Jan 16, 2026 ([Issuewire.com](http://Issuewire.com)) - WebSouls, the leading provider of [Web hosting in Pakistan](#), has recently launched an amazing offer. The company is giving a free domain name on the purchase of any web hosting plan by a customer.

The goal of this approach is to ensure that every online business owner gets a better chance at setting

foot online with relative ease and at reasonable costs.

## Low-Cost Web Hosting Services in Pakistan

WebSouls has been operating in the market for over 2 decades and has always served business people of different company sizes. The primary goal of the company was and still remains to offer high-quality and cheap web hosting in Pakistan. Thus, starting this new offer, WebSouls steps to another level in helping businesses and individuals open their online marketing easily.

### What the Offer Includes

The promotion extended for WebSouls includes a free domain name to customers who have bought any of their web hosting plans. It can be used for any type of domain extension including .com, .net, .org, and more. These domains are ideal for any site, from a blog to an online store.

The offer is available to both new and existing customers and applies to all WebSouls hosting packages, including:

- Shared Hosting: Suitable for use in small organizations and as personal websites.
- VPS Hosting: Ideal for cases where a certain level of resources and control is needed on the website.
- Dedicated Hosting: It is suitable for large businesses and those websites which attract a lot of visitors.
- WordPress Hosting: Specifically for WordPress websites. Easy installation and has pre-installed tools and updates.

### Why Choose WebSouls?

WebSouls has combined a great deal of success and has positioned itself as a dependable Web Host in Pakistan. Here are some key reasons why WebSouls stands out:

- Reliable 99.99% Uptime
- 24/7 Customer Support
- Advanced Security Features
- Affordable Pricing
- Easy-to-Use Control Panel

### Empowering Local Businesses

It goes without saying, as digital transformation expands in Pakistan, it is more necessary than ever to have representations on the web. WebSouls presents affordable offers which play a role in the basic initial expenditure needed for building the website for local businesses.

Through giving out free domain with our web hosting, we wish to reduce one of the main entry barriers into the business market. We would like to see more people embrace the Internet business platform.

### How to Avail the Offer

It is easy to avail of this offer. Customers can access the WebSouls website <https://websouls.com/>, choose the preferred hosting plan and buy a [pk domain](#) of your choice. Fill out the required information.

Select a payment method, pay and then Enjoy your online presence!

## **The Emerging Face to Support the Boulevard of Digital Pakistan**
