

Abbie Tuomisto, BSN, RN: A Rising Star in Nursing at Henry Ford Health

Dedicated to Clinical Excellence, Patient Education, and Transforming Lives

New York City, New York Jan 21, 2025 ([Issuewire.com](https://www.issuewire.com)) - Henry Ford Health proudly announces the exceptional accomplishments of Abbie Tuomisto, BSN, RN, a dedicated registered nurse who is making significant strides in her nursing career at one of the nation's premier academic medical centers. Known for her robust work ethic and commitment to lifelong learning, Abbie embodies the values of Henry Ford Health, renowned for its clinical excellence in a variety of medical specialties, including cancer care, cardiology, and multi-organ transplants.

Abbie's extensive clinical experience encompasses a wide range of competencies. Her skills include

wound care, intravenous insertion, patient education, discharge planning, medication administration, medication titration, central line management, ECMO, post-CABG recovery, and cardiac intensive care. She is also highly skilled in managing Impella and IABP devices, performing CVVHD, facilitating effective interprofessional communication, ensuring detailed documentation, conducting thorough physical assessments, managing airway devices, closely monitoring intake and output, and prioritizing exceptional patient care.

A proud graduate of Oakland University School of Nursing, Abbie earned her Bachelor of Science in Nursing in 2024, where she excelled academically and was actively involved in student governance as Secretary for the Student Nurses Association. Her dedication to nursing was recognized with multiple awards, including the Exceptional Achievement Award, the Thesis with Distinction Award, and the GPA Distinction Award. Abbie is also a member of prestigious organizations such as the Honors College, Alpha Lambda Delta honor society, and Sigma Theta Tau, and is a Dean's Circle Member and Mentor.

Her commitment to nursing education extends beyond her own learning; Abbie is passionate about empowering patients through education and advocacy. As a certified provider of Advanced Cardiovascular Life Support (ACLS) by the American Heart Association, she actively participates in the advancement of nursing practice and critical care standards. Moreover, her contributions to the field are evidenced by her publication in the Journal of Continuing Education in Nursing, where she explored strategies for improving the assessment and recognition of ICU delirium.

As Abbie Tuomisto continues to grow within her nursing career, she remains dedicated to making positive impacts on patient outcomes and contributing to the esteemed reputation of Henry Ford Health.
