

ArtWerks Entertainment Launches Crowdfunding Campaign for 'Rikki Tikki Tavi,'

A Bold New Live -Action/CGI Animated Film Adaptation of a Classic Tale

DeSoto, Texas Jan 9, 2025 ([Issuewire.com](https://www.issuewire.com)) - ArtWerks Entertainment, a visionary film production company, is excited to announce the launch of its crowdfunding campaign on Crowdfunder.com to bring Rikki Tikki Tavi to the big screen. This ambitious adaptation of Rudyard Kipling's timeless story promises to deliver a cinematic experience filled with action, heart, and unforgettable characters.

As the flagship project for ArtWerks Entertainment, Rikki Tikki Tavi is a live-action/CGI animated reimagined tale of bravery, family, and the classic battle of good versus evil. With stunning visuals and a gripping narrative, the film aims to captivate audiences of all ages while staying true to the spirit of Kipling's original work.

"This project represents more than just a film; it's a labor of love and the realization of a dream to bring powerful storytelling to life," says Michael Henderson, Writer and Director of Rikki Tikki Tavi. "We believe this story will inspire audiences worldwide, and through the support of our backers, we can create something truly extraordinary."

The campaign seeks to raise \$12,950 by Feb 3, 2025 to cover key production costs, including principal photography, visual effects, and post-production. Supporters of the campaign will enjoy exclusive perks, such as behind-the-scenes access, personalized thank-you notes, their names in the credits, and even VIP invitations to the premiere.

ArtWerks Entertainment has already formed partnerships with industry leaders, including Buffalo 8, Trilogy Studios, PhantomFX, Tippet Studios and Picture Post Studios, ensuring the film meets the highest standards of quality. The funds raised through this campaign will bridge the gap needed to bring this vision to fruition.

The crowdfunding campaign is live now at https://fnd.us/62Ug3c?ref=sh_8DvOlc. Every contribution, no matter the size, brings the project one step closer to reality. Even sharing the campaign with friends, family, and social media networks makes a tremendous impact.
