

Elizabeth M. Gaughan, MD Continues to Champion Melanoma Care at UVA Cancer Center

Renowned Oncologist Celebrates Over a Decade of Service in Advancing Skin Cancer Treatment

New York City, New York Jan 21, 2025 ([IssueWire.com](https://www.issuewire.com)) - The University of Virginia (UVA) is proud to highlight the ongoing contributions of Dr. Elizabeth Gaughan, a dedicated medical oncologist specializing in melanoma and non-melanoma skin cancers. She continues her vital work at the Emily Couric Clinical Cancer Center in Charlottesville, Virginia, where she has been a key member of the medical faculty since 2012.

A native of Northern Virginia, Dr. Gaughan's academic journey began with her undergraduate degree from the University of Notre Dame. She then pursued her medical education at Georgetown University School of Medicine, graduating with honors and being inducted into the prestigious Alpha Omega Alpha Honor Medical Society, recognizing her commitment to excellence in the field of medicine.

Dr. Gaughan further refined her expertise during her post-graduate training at Beth Israel Deaconess Medical Center, a teaching hospital affiliated with Harvard Medical School. Her impressive credentials include board certifications from the American Board of Internal Medicine in Internal Medicine, Hematology, and Medical Oncology, underscoring her comprehensive knowledge and skill in treating complex cancer cases.

In her role at UVA, Dr. Gaughan takes a leading position in clinical research related to melanoma, focusing on cancer immunotherapy and the management of the side effects associated with checkpoint inhibitor therapy. As the head of the Melanoma Translational Research Team at the UVA Comprehensive Cancer Center, she is at the forefront of innovative research aimed at reducing melanoma's impact on patients in Virginia and beyond.

Dr. Gaughan has served as the Principal Investigator for multiple clinical trials at UVA, collaborating with a network of colleagues both locally and nationally. Her research efforts are critical in advancing treatment options and improving patient outcomes in the fight against melanoma.

In addition to her research and clinical duties, Dr. Gaughan is passionate about education and mentorship. She actively engages with medical students, residents, and fellows, sharing her extensive knowledge and experience to inspire the next generation of healthcare professionals. Her commitment to teaching reflects her belief in the importance of cultivating future leaders in oncology.

Outside of her professional commitments, Dr. Gaughan enjoys a balanced life filled with personal interests. She treasures time spent at the beach, volunteering in the Charlottesville community, and exploring her creative side through interior decorating. Additionally, she enjoys outdoor activities that allow her to connect with nature and promote a healthy lifestyle.
