

Explore the Future of India's Cold Chain Industry at AICCS 2025

The 18th Edition of the All India Cold Chain Exhibition (AICCS)

Pune, Maharashtra Jan 6, 2025 ([Issuewire.com](https://www.issuewire.com)) - The 18th Edition of the **All India Cold Chain Exhibition (AICCS) 2025** is set to take place on **January 10-11, 2025**, at the **Autocluster Exhibition Centre** in Pune.

Organized by the Federation of Cold Chain Associations of India and Future Market Events, this leading exhibition will bring together over 190 exhibitors showcasing the latest innovations and advancements in the cold chain industry.

A Platform for Innovation and Networking

AICCS 2025 will serve as a vital platform for industry professionals to discover cutting-edge technologies and solutions for Cold Transport & Supply Chain Management. Visitors can explore new developments in Alternate Energy Solutions for cold storage, advancements in Material Handling & Storage, as well as updates in Safety & Security Systems, Facility Management, and Refrigeration Processing. Key highlights will include Ripening Chambers, Pack Houses, and other breakthrough technologies designed to enhance the cold chain sector's performance and sustainability.

Engage with Industry Leaders and Visionaries

The exhibition will also feature the **AICCS Conference**, where more than 50 esteemed speakers will come together to discuss groundbreaking strategies, trends, and challenges shaping the future of India's cold chain industry. Topics will cover everything from innovative cold storage solutions to the integration of renewable energy for a sustainable cold chain.

What to Expect at AICCS 2025

- 12,00+ Cold Chain Solutions
- 150+ Exhibitors
- 6,000+ Buyers
- 250+ Delegates
- 50+ Speakers
- 18+ Industry Associations

[Register for Free Entry](#)

AICCS 2025 is offering **free entry to visitors**. To gain access, simply register online and receive your entry ticket for this not-to-be-missed event.

Don't miss the chance to be part of the largest gathering of cold chain professionals in India and witness firsthand how innovation, integration, and elevation are driving the transformation towards a more sustainable and efficient cold chain.
