

In the Wake TV Launches: A New Era of Independent Media Centering Black Life

In the Wake TV is proud to announce its official launch as an independent media platform dedicated to amplifying Black voices and stories.

Newark, New Jersey Feb 2, 2025 ([Issuewire.com](https://www.issuewire.com)) - In the Wake TV aims to fill a crucial gap in the media landscape by providing a platform where Black stories are told authentically and with the depth they deserve. Our diverse range of programming includes:

- **News Clips:** Timely and relevant news updates that matter to the Black community.
- **Original Reporting:** In-depth investigative journalism and feature stories.
- **Community Stories:** Highlighting the achievements, challenges, and everyday lives of Black individuals and communities.
- **Live Streams:** Real-time coverage of events and discussions that impact Black life.

"We believe in the power of storytelling to inspire change and foster a deeper understanding of the Black experience," "Our mission is to create a space where Black voices are heard, celebrated, and empowered."

In these uncertain times, with a flood of digital information, it is important to have curated spaces and affordable options. "For just \$20 a year, we want to create a community, not penalize people for inflation," said Jamara Wakefield, Founder of In the Wake TV.

In the Wake TV invites everyone to become a member and join our movement. By becoming a member, you will stay connected with our latest content, participate in exclusive events, and support the growth of independent Black media.
