

James K. Miyasaka, OD: A Passionate Optometrist Dedicated to Community and Sports in Hawaii

Providing Exceptional Eye Care at Affordable Prices to Enhance Lives Across the Islands

New York City, New York Jan 22, 2025 ([Issuewire.com](https://www.issuewire.com)) - James K. Miyasaka, DO, known affectionately as Dr. Jimmy, is making waves in the optometry field as a dedicated professional committed to eye health and community service in Honolulu, Hawaii. With a therapeutic license to treat ocular diseases and certification to manage glaucoma, Dr. Jimmy offers comprehensive eye care services that cater to a diverse patient base. His practice, Dr. Miyasaka Optometry, LLC, provides a full

spectrum of services, including thorough eye exams, contact lens evaluations, vision therapy, dry eye assessments, diabetic eye exams, and specialized pediatric and neurologic eye care.

In addition to running his own practice, Dr. Jimmy collaborates with his brother, Dr. Richard Miyasaka, at Anne K. Matsushima, O.D., Inc., a family-run optometry practice initially established by their mother, Anne, who retired in 2018. This family legacy continues to thrive under the Miyasaka brothers' leadership, offering the community a wide range of optometric services.

Dr. Jimmy's roots run deep in Hawaii; he was born and raised in the islands and is a proud graduate of Kaimuki High School. He earned his Bachelor of Science Degree from California Polytechnic State University in Pomona, where he also showcased his talents as a collegiate basketball player, reaching the NCAA National Finals. Dr. Jimmy furthered his education at the Western University of Health Sciences College of Optometry, where he earned his Doctor of Optometry Degree in 2013, serving as the inaugural class president.

His professional journey includes significant roles such as Chief Optometrist for the California Department of Corrections and Rehabilitation, alongside operating an independent optometry office in California from 2013 until his return to Hawaii in 2016. His commitment to the field is underscored by his active participation in professional organizations, including the American Optometric Association and the Hawaii Optometric Association.

Outside of his optometric practice, Dr. Jimmy is a passionate advocate for sports and youth development. He founded WUCO Athletics, LLC, the Menehune Sports Foundation, and Menehune Basketball Hawaii, fostering athletic opportunities for youth in the community. The Menehune Basketball program has successfully expanded from California back to Hawaii, featuring both men's and women's teams and promoting adult basketball leagues across Oahu.

In his personal life, Dr. Jimmy enjoys spending time with his three rescue dogs—WUCO, Nubplet, and Cookie Monster—and cherishes family moments, aspiring to become a basketball coach for his children, just as his father did for him. He is also dedicated to giving back to his community by sponsoring local events, providing sports equipment, and organizing seasonal celebrations for children.

Dr. James K. Miyasaka's commitment to improving eye health and enriching community life makes him a remarkable asset to the people of Honolulu.
