

Lakefront Family Dental Elevates Oral Health with Comprehensive Services and Advanced Cone Beam CT Scan Technology

Lakefront Family Dental, established in 2016, offers a five-star dental experience in Burlington, ON.

Burlington, Ontario Feb 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - Lakefront Family Dental, a trusted name in dental care in Burlington, is proud to deliver an unmatched range of comprehensive dental services aimed at promoting lifelong oral health. Their commitment to cutting-edge technology and evidence-based practices sets them apart, with their Cone Beam CT Scan (3D Scan) standing as a testament to their dedication to precision and innovation.

The Cone Beam CT Scan service at Lakefront Family Dental provides high-resolution, three-dimensional images of the teeth, jaw, and surrounding structures. This groundbreaking imaging technology ensures more accurate diagnosis and treatment planning for various dental needs, from implant placement and orthodontics to endodontic and oral surgery procedures.

Benefits of the Cone Beam CT Scan (3D Scan)

Patients who utilize the Cone Beam CT Scan service can expect a wealth of advantages, including:

- **Accurate Imaging:** Advanced 3D imaging offers detailed views of the oral structures, enabling dental professionals to make highly precise diagnoses.
- **Minimal Radiation Exposure:** Cone Beam CT technology uses lower radiation levels than traditional medical CT scans, focusing only on necessary areas, minimizing risk, and ensuring patient safety.
- **Comfort and Speed:** The scanning process is fast and non-invasive, delivering exceptional results in just one rotation, making it a stress-free experience for patients.
- **Enhanced Communication:** With clear, detailed visuals, dentists can effectively explain diagnoses and treatment plans, enabling patients to make informed decisions about their oral health.

The team at Lakefront Family Dental is dedicated to leveraging this revolutionary technology to provide personalized and effective dental care. Patients are encouraged to book a consultation to explore how the Cone Beam CT Scan can benefit their specific treatment needs.

Comprehensive Dental Care in an Inviting Environment

Lakefront Family Dental takes pride in offering a full suite of dental services to meet the diverse needs of its patients. From preventive care to advanced treatments, their offerings are tailored to provide comprehensive oral health solutions for the entire family. Below is a breakdown of the services provided, grouped for your convenience.

Preventive and Routine Care

- **Dental Hygiene & Periodontal Maintenance:** Regular cleanings and gum care to maintain healthy smiles.
- **Teeth Cleaning:** Essential cleaning services to remove plaque and maintain oral hygiene.
- **New Patient Exams:** Comprehensive first visits that include evaluations and treatment planning.
- **Sealants:** Protective coatings to shield molars from cavities.
- **Oral Night Guards & Sports Guards:** Custom-fitted guards to prevent teeth grinding and protect during sports.

General and Family Dentistry

- **Children's Dentistry:** Fun and tailored care for children to ensure early oral health.
- **Family Dentistry:** Comprehensive services for patients of all ages in one convenient place.
- **Tooth Extractions & Wisdom Teeth Removal:** Safe and efficient removals to resolve pain or prevent complications.
- **Composite Fillings:** Aesthetic fillings to repair cavities and small damages.
- **Periodontal Therapy:** Treatments to address and reverse gum disease.

Restorative Dentistry

- **Dental Implants & All-on-X Implants:** Modern solutions to replace missing teeth with durable and natural-looking results.
- **Crowns and Bridges:** Restorations to strengthen damaged teeth and replace missing ones.
- **Bridges:** Reliable options to close gaps caused by missing teeth and restore functionality.
- **Onlays:** Custom restorations for teeth with significant damage.
- **Root Canal Treatment:** Precise procedures to save infected or damaged teeth.

Cosmetic Dentistry

- **Smile Makeovers:** Comprehensive plans combining multiple treatments to achieve stunning, personalized smiles.
- **Veneers:** Customized porcelain veneers to correct a range of aesthetic issues.
- **Teeth Whitening/Bleaching:** Bring out a brighter, whiter smile with fast and safe treatments.
- **Teeth Bonding:** Repairs for small cracks, chips, or imperfections for a natural finish.

Advanced Imaging and Technology

- **Cone Beam CT Scan (3D Scan):** High-resolution 3D imaging that delivers precise diagnoses and streamlines treatment planning for complex cases.

Specialty Services

- **Crown Lengthening:** A surgical option to increase the exposure of the tooth for cosmetic or restorative purposes.

Orthodontic Solutions

- **Invisalign:** Discreet, removable aligners that straighten teeth without the need for traditional braces.

Sedation for Comfort

- **Nitrous Oxide Sedation:** Mild sedation to help patients relax during treatments.
- **Oral Sedation & General Anesthesia:** Options tailored for broader comfort needs, ensuring a stress-free experience for anxious patients or complex procedures.

Emergency Dental Care

- **Urgent Dental Treatments:** Fast and compassionate care for unexpected dental concerns to relieve pain and restore health.

Whether you're looking for a routine cleaning, need an advanced procedure, or want to transform your smile, Lakefront Family Dental has the expertise and technology to meet your needs.
