Mitchell McDowell, DO: Transforming Orthopedic Care in the Inland Empire Community

Dr. McDowell and M Bone and Joint Deliver Advanced Treatments for Hip, Knee, and Beyond

New York City, New York Mar 27, 2025 (Issuewire.com) - Corona, California - M Bone and Joint is a Veteran-owned orthopedic practice at the forefront of innovation in joint care. Co-founded by Dr. Mitchell McDowell, DO, a renowned orthopedic surgeon, and 9-year Army Veteran Nurse Practitioner Mareena Miller, the practice is dedicated to delivering cutting-edge treatments tailored to meet the

unique needs of each patient.

Dr. McDowell and Mareena prioritize patient-centered care, ensuring each individual feels heard and valued. Their dedication extends beyond the clinic, actively serving through their church, Rotary Club, Corona Chamber, and American Legion. "Serving the community isn't just something we do—it's who we are," says Dr. McDowell, embodying their mission to heal both bodies and hearts.

M Bone and Joint specializes in personalized hip and knee replacements using a variety of advanced approaches. For hip replacements, Dr. McDowell expertly performs both minimally invasive anterior and posterior approaches, allowing for customized treatment plans that optimize recovery and outcomes. For knee replacements, they offer minimally-invasive parapatellar, midvastus, and subvastus approaches, ensuring that each procedure is precisely aligned with the patient's anatomy and lifestyle needs. These techniques often allow people to go home within hours of surgery.

Whether you're dealing with a new injury or a chronic condition, Dr. McDowell's expertise in minimally invasive techniques, robotic-assisted surgeries, and smart implants ensures you receive the most effective and comprehensive care. This practice also excels in complex and revision joint replacements, providing solutions for even the most challenging cases.

Dr. McDowell, a board-certified orthopedic surgeon with fellowship training in adult hip and knee reconstruction, is committed to restoring your mobility and enhancing your quality of life. As a pioneer in the use of surgical robotics like MAKO and ROSA, he guarantees precision and optimal outcomes for his patients.

Beyond his clinical practice, Dr. McDowell is an Associate Clinical Professor of Orthopedic Surgery at the University of California, Riverside, and Western University of Health Sciences. His academic and professional journey, rooted in Southern California, reflects a commitment to excellence in orthopedic care.
