

## Akhil Kumar AK Announces the Re-release of His Three-Album Series, Inspired by a Magical Muse

**Chennai, Tamil Nadu Feb 27, 2025 ([IssueWire.com](https://www.issuewire.com))** - Indian musical artist, lyricist, story writer, and singer **Akhil Kumar AK** is set to **re-release three of his heartfelt albums**, originally launched between 2021 and 2023. These albums, which faced distribution challenges leading to their removal from streaming platforms, have now been **refined with improvised music and deeply evocative lyrics**, making them more powerful than ever. And it will be re-releasing soon on the first week of

February 2025.

The journey of recreating these songs was long and challenging, especially in finding the right lyrics. After months of searching for the perfect words, inspiration struck unexpectedly. A chance encounter with a girl—nicknamed “**Shasha**”—became the spark that breathed new life into his songwriting. Her presence, expressions, and aura unlocked a creative flow, helping Akhil complete all three albums with a **beautifully connected love story**.

### The Three-Album Narrative:

- **"Un Kaal Thadangal"** – A lonely boy, devoid of love, suddenly finds **joy and emotional connection** upon seeing a lively, carefree girl. The song portrays his emotions as he describes his newfound love.
- **"Ennodu Nee Irundhaal"** – After expressing his love, the boy dreams of a future with her, imagining the beautiful life they could build together.
- **"Kan Imaiya Orathile"** – A deeply poetic song capturing the **growing strength of their love** and the small, beautiful moments that make their relationship special.

Each song tells a part of the journey, forming a trilogy of love, hope, and poetic romance. Akhil Kumar AK describes this project as **one of the most personal and emotionally charged works of his career**. The overwhelming response to the **first album**—with fans setting it as their caller tunes and sharing heartfelt feedback—has further fueled his excitement for the re-release.

### The Magic of Shasha

The heart of this musical trilogy is **Shasha**, the girl who unknowingly became its inspiration. The moment Akhil saw her, something unexplainable clicked—a creative spark that had been missing for months was suddenly reignited. The first words that came to him in that instant were, ***"En Saalayil Un Kaal Thadangal Intha Payanathai Thodangiyadho, Andha Nerathil Vilum Mazhai Thuzhigal Indha Paadhayil Mudigiradho."*** From that day on, her eyes, her smile, and even the smallest expressions became the catalyst for his lyrics, helping him complete all three albums.

What made **Shasha** even more special was not just the inspiration she unknowingly provided, but also the way she responded when Akhil reached out to her anonymously. Instead of ignoring or dismissing the message, she handled the situation with **maturity and kindness**, encouraging him in his creative journey. Her reaction left a **deep impression on him**, solidifying the idea that some people carry a certain magic—the kind that can push an artist beyond their limits.

For Akhil, this experience has been **deeply meaningful, and he remains grateful for Shasha, always and forever**. Whether their conversation continues or fades away, he cherishes the time and inspiration she unknowingly gave him. He believes that if things align, he could be lucky enough to have **such a pure soul as a close one**—but only if she wishes to. He doesn't want to rush anything or impose after already sharing so much of his thoughts and emotions. Instead, he is letting things unfold naturally. Whenever she wishes to talk, he will be there—just going with the flow, accepting whatever comes, and moving forward.

***"I don't know what the future holds, but I am grateful for the inspiration that helped me complete these songs. Some people have an unexplainable magic, and I believe Shasha is one of them,"*** says Akhil.

Akhil Kumar AK's **re-released albums** will soon be available on **all major streaming platforms**. Fans who fell in love with the original versions can now experience them in a **more refined and emotionally enriched form**.

### About Akhil Kumar AK

Akhil Kumar AK is an Indian **musical artist, lyricist, story writer, and singer**, known for his soulful compositions and deep storytelling. He debuted in 2020 with "**Maatrangal**", a motivational song, and has since captivated listeners with his emotionally rich music.
