

Bigautoooo to Drop New Music & Videos in the Coming Weeks

Houston, Texas Feb 16, 2025 ([Issuewire.com](https://www.issuewire.com)) - Rising independent hip-hop star Bigautoooo is set to cause an earthquake with several highly-anticipated releases over the next few weeks. Fans have been begging for more music, and Bigautoooo promises to deliver on his promise of consistently releasing new material, as demanded by his growing fanbase.

After months of waiting, Bigautoooo is releasing more than three brand-new singles, each with its vibe and sound. But the next three will be:

Tolerated just dropped on the 9th – A raw introspective cut that looks deep into perseverance and reflection. This song showcases the expression of Bigautoooo' vulnerability, deeply rooted in his authenticity, with its sharp wordplay and hard-hitting beats.

<https://open.spotify.com/track/3YWx9FkahStrcyUSrwCifY>

8Pal - High-energy hip-hop that fits fans of dynamic rhythmic rap. The track "8Pal" has an infectious beat with strong delivery that surely will get the fans up.

FOL (Feet On Land) - addresses inner fights and problems everybody has, framed into an atmospheric production, giving a special highlight to the track.

Complementing the music, Bigautoooo has lined up exciting visuals for each song. Music videos will be teased and released in the weeks following the drops, offering fans a deeper connection to the stories and messages behind the music. The new content, he said, is in direct response to the overwhelming demand from his supporters as part of his commitment to engaging with his community.

"I'm grateful for my fans who've been patiently waiting and constantly asking for new music. These drops are for them. I'm ready to show the world who Bigautoooo really is," said Bigautoooo. "This is just the beginning, and I'm so excited to be able to continue sharing my journey with everyone."

As his clout in the game gradually rises, with Bigautoooo putting more effort into his art, he's ready to solidify his position in hip-hop. This implies that these types of single releases can be listened to off every major music streamer; the first can be expected in these coming weeks.
