

Celebrating 11 Years of Service to Cincinnati

Home Inspection company celebrates 11 years

The advertisement features a blue background. On the left is a logo consisting of a yellow house roof over a stylized eye with concentric circles. To the right of the logo, the text reads: "SERVING CINCINNATI FOR 11 YEARS" in large black letters, followed by "INTERNACHI CERTIFIED" in yellow. Below this is "GOODEYE" in large white letters, with "HOME INSPECTIONS" in white and "& SEWER SCOPES" in yellow. Further down, in white, are the services: "Mold & Radon testing • sewer Scopes • Termite". At the bottom of the graphic is a photograph of five men standing side-by-side. The first man on the left is wearing a blue polo shirt and khaki pants. The second man is wearing a grey t-shirt with a small logo. The third man is wearing a blue polo shirt and khaki pants. The fourth and fifth men are wearing blue polo shirts, dark pants, and baseball caps.

Milford, Ohio Feb 2, 2025 ([Issuewire.com](http://www.Issuewire.com)) - Good Eye Home Inspections, a top-rated home inspection company in Cincinnati, proudly announces its continued commitment to providing comprehensive and reliable inspection services to the community for the last 11 years. With a team

boasting 50 years of combined experience in real estate and construction inspections, Good Eye Home Inspections completes over 1,700 inspections annually, ensuring homeowners and buyers receive the most thorough evaluations possible.

Comprehensive Inspection Services

Good Eye Home Inspections offers a wide range of services to meet the diverse needs of its clients, including:

- **Home Inspections:** Detailed assessments of residential properties to identify potential issues and ensure safety and compliance.
- **Sewer Scopes:** Inspection of sewer lines to detect blockages, damages, or potential problems that could lead to costly repairs.
- **Mold Testing:** Thorough testing to identify the presence of mold and provide recommendations for remediation.
- **Radon Testing:** Measurement of radon levels to ensure the safety and health of occupants.
- **Termite Inspections:** Evaluation of properties for signs of termite activity to prevent structural damage.

"Our mission is to ensure that our clients have a safe and healthy home to enjoy for many years to come," said Todd Engle, owner and lead inspector at Good Eye Home Inspections. "We strive to educate our clients throughout the process, from the initial consultation to years after the inspection."

Commitment to Excellence

Good Eye Home Inspections is dedicated to exceeding the Standards of Practice guidelines set forth by the International Association of Certified Home Inspectors (InterNACHI). The company provides personal consultations, same-day detailed reports with digital pictures, and ongoing support to clients. A portion of every inspection fee is donated to St. Jude Children's Research Hospital, reflecting the company's commitment to giving back to the community.

About Todd Engle

Todd Engle, CMI Certified Master Inspector (CMI) the owner and Lead inspector, has resided in the tri-state area for most of his life. He has purchased, renovated, and been involved with the building process of over 25 homes and has participated in over 20,000 real estate transactions. As a graduate of the Inspection Institute and a member of InterNACHI, Todd is also a Certified Master Inspector®.
