

Chandler Nursing Center Introduces Advanced Wound Care Program in Partnership with VOHRA Wound Physicians

Elevating Healthcare Standards with Comprehensive Wound Management Expertise

Tyler, Texas Feb 10, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Chandler Nursing Center proudly unveils its new Advanced Wound Care Program in collaboration with VOHRA Wound Physicians, a significant milestone in enhancing healthcare delivery within our community.

Launched in October 2024, this initiative reflects Chandler Nursing Center's dedication to providing exceptional care. Led by the Director of Nursing LaDildra Freeman, RN, VWCN, and Treatment Nurse Tinishia Amie, LVN VWCN, both board-certified in wound care, the program integrates state-of-the-art practices and specialized training from VOHRA.

Each week, VOHRA physicians join our team onsite, working closely with our skilled nursing staff to deliver personalized wound care solutions. This partnership ensures patients receive comprehensive, compassionate care aimed at optimizing healing and reducing rehospitalizations.

"We are excited to introduce this innovative program," said Tammy Gorden, Director of Admissions at Chandler Nursing Center. "Our collaboration with VOHRA reinforces our commitment to advancing patient care standards and achieving superior clinical outcomes."

Chandler Nursing Center's initiative aligns with VOHRA's Centers of Excellence for Wound Management, recognizing facilities that demonstrate exceptional expertise and achieve significant improvements in wound care outcomes. This national certification underscores Chandler Nursing Center's dedication to enhancing patient quality of life through advanced healthcare practices and continuous staff education.
