

Dr. Kobernik Expands Mobile Dental Anesthesia Services Across Oregon

Innovative Practice Enhances Patient Comfort with State-of-the-Art Anesthesia Solutions

New York City, New York Feb 21, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Oregon Dental Anesthesia, a leading provider of mobile dental anesthesia services, is proud to announce the continued excellence of Dr. Kobernik, a dual board-certified Dentist Anesthesiologist, who is committed to elevating patient care across the state of Oregon. With a focus on enhancing comfort and safety for dental patients, Dr. Kobernik and his dedicated team travel statewide, providing top-tier anesthesia solutions tailored to the

unique needs of each patient.

Dr. Kobernik earned his Dentist Anesthesiologist certification through a rigorous three-year residency at NYU Langone Hospitals in Brooklyn, NY. His extensive expertise includes anesthesia for dental patients, dental alveolar surgery, advanced bone grafting, extractions, and dental implant procedures. With a strong commitment to education, Dr. Kobernik actively mentors and teaches other dentists in the field of implant dentistry, ensuring that best practices are shared and implemented throughout the community.

Since receiving his Doctorate in Medical Dentistry from Oregon Health and Science University in 2006, Dr. Kobernik has consistently demonstrated his passion for patient care. His career began at the Medical Center Dental Office in Pendleton, where he provided essential dental services to a diverse patient population, including those with developmental delays, often under general anesthesia in a hospital setting. His involvement with St. Anthony's Hospital, where he sat on both the Anesthesia Committee and Cancer Care Committee, highlights his dedication to comprehensive patient care.

In recognition of his expertise, Dr. Kobernik was honored with the Associate Fellow designation from the American Academy of Implant Dentistry in 2014. He has also actively participated in the Umpqua Dental Society, serving as both past president and vice president, showcasing his leadership within the dental community.

Recognizing a profound need for in-office sedation and anesthesia beyond the limitations of IV Moderate Sedation, Dr. Kobernik made the strategic decision to advance his training through residency. His time at NYU was marked by excellence, culminating in his appointment as Chief Resident for two years, where he demonstrated leadership and a commitment to high standards of care.

As a proud member of the Oregon Dental Association, Oregon Academy of General Dentistry, American Academy of Implant Dentistry, and both the American Dental Society of Anesthesia and the American Society of Dentist Anesthesiologists, Dr. Kobernik is dedicated to representing the profession while providing exceptional care to his patients.

Oregon Dental Anesthesia is equipped with a fully mobile setup that includes hospital-grade anesthesia equipment, enabling Dr. Kobernik and his team to provide safe and effective anesthesia services in dental offices throughout Oregon. This innovative approach ensures that patients receive the highest level of care in a comfortable and familiar environment.
