

Dr. Simon Ourian Reviews the Benefits of Facials from Aestheticians

Dr. Simon Ourian Introduces Aesthetician-Performed Facials at Epione Beverly Hills

Beverly Hills, California Feb 17, 2025 ([Issuewire.com](https://www.issuewire.com)) - In the quest for flawless skin, many people focus on high-tech treatments and advanced skincare products. However, [Dr. Simon Ourian](#), a globally recognized expert in cosmetic dermatology, emphasizes the importance of professional facials performed by licensed aestheticians as a critical step in maintaining skin health. "A skilled aesthetician plays a vital role in improving skin texture, hydration, and overall appearance," says Dr. Simon Ourian. "Regular facials help cleanse, exfoliate, and rejuvenate the skin, making them an excellent complement to medical aesthetic treatments."

Why Facials Are Essential for Healthy Skin Facials performed by experienced aestheticians provide numerous benefits beyond daily skincare routines, including:

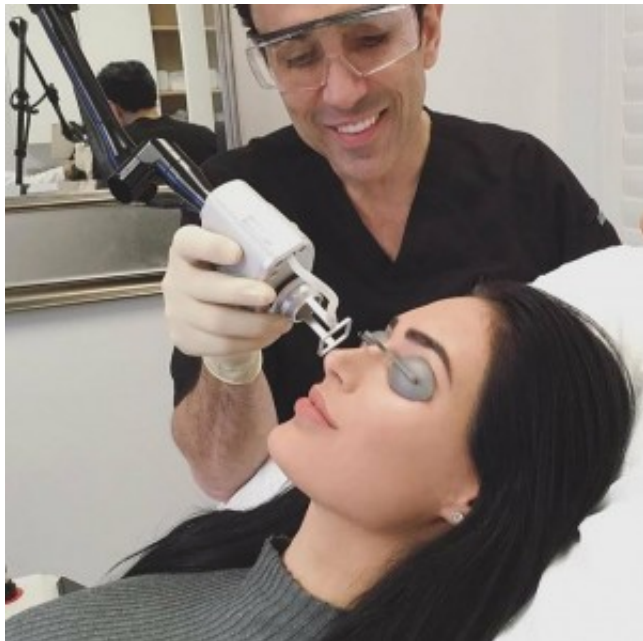

- Deep Cleansing & Exfoliation – Removes impurities, unclogs pores, and clears dead skin cells for a brighter complexion.
- Enhanced Circulation & Lymphatic Drainage – Promotes healthy blood flow, reduces puffiness, and boosts collagen production.
- Hydration & Skin Barrier Support – Strengthens the skin's moisture barrier, improving elasticity and preventing premature aging.
- Relaxation & Stress Reduction – Provides a therapeutic experience that enhances overall skin health and well-being.

Aesthetician Services at Epione Beverly Hills

Dr. Simon Ourian is now offering customized facials performed by a licensed aesthetician. These treatments are designed to enhance skin health by deep cleansing, hydrating, and rejuvenating the skin. Whether used as a standalone treatment or in conjunction with advanced cosmetic procedures, facials at Epione help patients achieve a glowing, refreshed complexion. "Adding facials to our services at Epione allows us to offer patients a more comprehensive approach to skincare," says Dr. Simon Ourian. "A professional facial can enhance the results of other aesthetic treatments, ensuring the skin remains in peak condition."
