

## **Erika Whetstone, RN, MSN, CPHQ: Nurse Informatics Specialist at Parkview Health in Fort Wayne**

**Elevating Healthcare Standards Through Technology and Leadership**

**New York City, New York Feb 11, 2025 ([Issuewire.com](https://www.issuewire.com))** - Parkview Health is proud to highlight the accomplishments of Erika Whetstone, RN, MSN, CPHQ, a dedicated Nurse Informaticist whose expertise is shaping the future of healthcare technology and quality management. With a robust background in Hospital Information Systems and Health Informatics, Erika is committed to enhancing patient care through data-driven solutions.

Her extensive experience includes proficiency in Medical Information Systems and Agile Methodologies,

positioning her as a key player in the healthcare technology landscape. A certified EPIC IP Clinical Documentation Specialist, Erika adeptly manages and documents inpatient clinical data using EPIC systems, ensuring accuracy and efficiency that significantly contribute to patient safety and care quality. Her credentials are further bolstered by her certification as a Certified Professional in Healthcare Quality (CPHQ), reflecting her deep commitment to excellence in healthcare delivery.

Erika earned her Master of Science in Nursing Leadership & Management from Western Governors University, equipping her with essential skills in leadership and organizational management. Prior to her current role as Nurse Informaticist, which she assumed in September 2024, she served as Nursing Manager at Parkview Health from June 2020 to February 2022. In this capacity, Erika oversaw nursing operations, demonstrating her ability to lead teams effectively while ensuring high standards of patient care. Her role as Quality and Accreditation Specialist further honed her expertise in healthcare quality, making her an invaluable asset to the Parkview Health team.

Erika attributes her professional success to her passion for healthcare and her unwavering perseverance. She specializes in managing and analyzing healthcare data and implementing technology solutions that streamline workflows, enhance patient care, and improve overall outcomes.

Looking ahead, Erika expresses a desire to expand her public speaking platform, aiming to share her insights on the critical intersection of nursing and technology with a broader audience.
