Richmond, Virginia Feb 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - Storms Leave More Than Just Puddles—They Leave Problem

Let's be real—storms can be brutal, especially here in Richmond.

They leave behind a mess on your windows: dirt, grime, water stains, and even debris that can scratch or weaken the glass. [Studies show](#) that storm residue, when left untreated, can lead to permanent etching and reduce the lifespan of your windows by up to 25%.

For homeowners, this means cloudy windows that block natural light and make your home feel dim and uninviting. For business owners, dirty windows can send the wrong message to customers, potentially reducing foot traffic by as much as 30%.
