

Independent Rapper T. Lae Announces the Release of 'Second To None' – A Money-Making Anthem

Los Angeles, California Feb 15, 2025 ([Issuewire.com](https://www.issuewire.com)) - Rising independent rap artist and founder of TLaeVision, T. Lae, is set to release the highly anticipated album *Second To None* on **February 22, 2025**. This marks the second release in T. Lae's **Upper Echelon Series**, following the debut project *First Of Many*. Packed with high-energy anthems about wealth, power, and success, this project cements T. Lae's reputation as a visionary in the hip-hop scene.

Following the success of recent singles, *Second To None* showcases T. Lae's signature style—imaginative storytelling, hard-hitting beats, and larger-than-life ambition. The album's theme revolves around building an empire and living lavishly, giving listeners a taste of financial triumph through a cinematic sonic experience. Tracks like **'Fill This Bag Up '** and **'Eyes On The Money'** paint vivid pictures of wealth accumulation, spending extravagantly, and making silent power moves.

"This album isn't just music; it's a mindset," says T. Lae. *"I want listeners to feel like bosses every time they press play. It's about that 'get-money' mentality—whether you're stacking or spending."*

T. Lae has long been making waves in the industry. A few years ago, **legendary rapper Snoop Dogg** cosigned T. Lae, recognizing his talent early on. Additionally, T. Lae has collaborated extensively with Snoop Dogg's son, **Kalvin Love**, producing numerous tracks together.

With dynamic production and undeniable lyricism, *Second To None* is positioned to be a must-listen for fans of motivational, money-driven rap. The album will be available on all major streaming platforms on **February 22, 2025**.
