

Jana Rozmarynowski, MSN, RN, BSN: A Leader in Nursing Excellence at Western State Nursing Facility

Hopkinsville Charge Nurse Champions Patient Care, Staff Education, and Safety Protocols

New York City, New York Feb 11, 2025 ([Issuewire.com](https://www.issuewire.com)) - Western State Nursing Facility is proud to highlight the exemplary contributions of Jana Rozmarynowski, MSN, RN, BSN, who has served as the Facility Charge Nurse since February 2017. With a strong commitment to patient care, staff education, and operational excellence, Jana has played a pivotal role in shaping the nursing environment at the facility, ensuring the highest standards of care for residents.

Since assuming her role as Charge Nurse, Jana has expertly trained new nursing staff members in essential techniques, care standards, operational procedures, and safety protocols. Her leadership and mentorship foster a supportive and professional work environment that encourages continuous learning and improvement. Coordinating nursing care on the unit, Jana is responsible for assigning staff, assisting with patient rounds alongside physicians, monitoring patient orders, and maintaining vital communication with ancillary departments.

In her role, Jana conducts daily briefings to keep staff updated on changes in patient care assignments, emphasizes the importance of adherence to infection control policies, and regularly reviews safety protocols. Her efforts are crucial in maintaining compliance with Joint Commission accreditation, as she leads regular audits, staff education initiatives, and process improvement recommendations.

Jana's commitment to ongoing education and professional development is reflected in her facilitation of in-service training sessions and workshops for nursing staff. She is proactive in conducting audits of nursing practices, identifying areas for improvement, and implementing corrective actions to enhance patient care.

Jana's educational journey is a testament to her dedication to the nursing profession. She began her studies at Hopkinsville Community College, earning her Associate of Science in Nursing in May 2007. She then pursued her Bachelor of Science in Nursing at Chamberlain College of Nursing, graduating in August 2022. Furthering her education, Jana achieved her Master of Science in Psychiatric Mental Health Nurse Practitioner from Chamberlain College of Nursing in October 2024.

Her career in nursing began in December 2007 at Western State Nursing Facility, where she worked as a Charge Nurse. During her tenure, Jana conducted daily shift briefs, mentored junior nurses, and fostered open communication among staff, physicians, and management. She also facilitated ongoing education and ensured patient safety through strict medication administration protocols. Her role evolved into an MDS Coordinator in June 2009, where Jana was responsible for scheduling assessments, maintaining compliance with federal and state regulations, and providing staff education on MDS best practices. She further contributed to improving the facility's quality measures and participated in evidence-based practice projects.

In August 2014, Jana transitioned to the role of Clinical Coordinator/Administrative Nurse. Here, she played a key role in enhancing interdisciplinary collaboration and implementing policies, while ensuring compliance with healthcare regulations. She led the transition to electronic health records and coordinated continuing education opportunities for staff, ensuring the clinic maintained high standards during audits.

In September 2015, Jana was promoted to Nurse Staff Director/Administrative Nurse. In this position, she developed a new employee orientation program that improved retention rates and provided ongoing professional development for nursing staff. Her leadership also included creating targeted training sessions and facilitating interdisciplinary training to promote cohesive patient care. As of February 2017, Jana became the Facility Charge Nurse, where she continues to oversee nursing care coordination, staff training, and compliance with safety protocols.

In addition to her professional responsibilities, Jana is an active member of the American Nurses Association and the Sigma Theta Tau International Honor Society of Nursing. Her involvement in these organizations highlights her commitment to advancing nursing practice and promoting high-quality patient care.

Jana attributes her success to her strong Christian beliefs, which inspire her to serve others and approach every aspect of her life with compassion and integrity. The unwavering support and love from her family have also provided a solid foundation throughout her journey, motivating her to make a positive impact on those around her in both her professional and personal life.

As a leader at Western State Nursing Facility, Jana Rozmarynowski exemplifies the qualities of an outstanding nurse—dedication, compassion, and a relentless pursuit of excellence in patient care. Her contributions are invaluable, and the facility looks forward to her continued leadership and impact in the nursing field.
