

Lauren Forte, RN BSN-BC: A Beacon of Compassionate Care in Nursing at Stamford Hospital

Board-Certified Registered Nurse Transforming Lives Through General Surgery Nursing

New York City, New York Feb 19, 2025 ([Issuewire.com](https://www.Issuewire.com)) - Lauren Forte, BSN, RN-BC, has been a vital member of the nursing team at Stamford Hospital since 2005, where she serves as both a Staff RN and Charge RN specializing in general surgery. With a Bachelor of Science in Nursing, Lauren's dedication to her patients and the nursing profession exemplifies the heart and soul of healthcare.

According to Lauren, the most fulfilling aspect of nursing lies in the duality of experiences that nurses encounter daily. "Nursing allows us to be present during both the pinnacle and nadir of people's lives," she explains. "It's a privilege to alleviate suffering and celebrate moments of triumph with patients." For Lauren, the opportunity to provide support to individuals during their most vulnerable times is not only a responsibility but a deeply humbling experience that shapes her approach to care. Each interaction, she notes, can significantly impact a patient's journey, making every day in the hospital a chance to make a difference.

Her commitment to exceptional patient care can be traced back to her upbringing in a family deeply rooted in the restaurant industry. Working alongside her mother, a restaurant owner, and a nurse, taught Lauren the importance of genuine care and going above and beyond for others. These early lessons in compassion and dedication have profoundly influenced her nursing career, grounding her practice in empathy and a strong work ethic.

As a Charge RN, Lauren plays a crucial role in guiding her team and ensuring that patients receive the highest standard of care. Her leadership and expertise not only enhance the patient experience but also foster a collaborative environment among her colleagues. "Nursing is a team effort," she emphasizes. "We support each other to provide the best outcomes for our patients."

Stamford Hospital is proud to have Lauren Forte as an integral part of its nursing staff, where her passion for patient care and commitment to excellence resonate throughout the institution. Her journey reflects the essence of nursing as a profession rooted in compassion, resilience, and the unwavering drive to support others.
