

Meet Frank Dentremont, DMD: A Gulf Coast Smile Expert Expands to Foley

Bringing Decades of Excellence in Dentistry to a Growing Community

New York City, New York Feb 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - Frank Dentremont, DMD, affectionately known as Dr. Dee, is proud to announce the expansion of his dental practice with the upcoming opening of Dentremont Dental of Foley in early 2025. This new satellite office will complement his existing practice, Dentremont Dental Services, PC, located in Gulf Shores, Alabama, where he has dedicated himself to excellence in cosmetic and restorative dentistry since 2015.

With over four decades of experience, Dr. Dentremont has built a reputation for his meticulous attention to detail and patient-centered approach, offering a wide range of services, including crowns, bridges, dentures, braces, veneers, and more. His mission is to uphold the core value of dentistry: the complete dental health of his patients.

With an impressive background, Dr. Dentremont graduated as salutatorian from high school in East Millinocket, Maine, before earning a scholarship to Boston University and subsequently obtaining his Doctor of Medicine in Dentistry from Tufts University School of Dental Medicine. After over two decades of practicing in Maine, he relocated to the scenic Gulf Coast of Alabama, where he has continued to make a significant impact on the dental health of local residents. Dr. Dentremont has actively engaged in professional development, earning a fellowship with the American Academy of Facial Esthetics (AAFE) and acquiring certifications in various orthodontic and dental procedures, including Invisalign, Six Month Smiles, rotary endodontics, and dental implants.

"I am excited to announce the opening of our new office in Foley," said Dr. Dentremont. "This expansion will allow us to serve even more patients and continue our commitment to providing high-quality dental care. Our goal is to create healthy smiles and enhance the overall confidence of our community members."

Dr. Dentremont's dedication extends beyond cosmetic and restorative dentistry; he has also devoted time to caring for underserved children throughout Alabama, providing essential dental services in cities such as Mobile, Montgomery, and Dothan. His commitment to community service reflects his belief that everyone deserves access to quality dental care, regardless of their circumstances.

In addition to his professional achievements, Dr. Dentremont credits his success to the values instilled in him by his parents. His father, Frank Sr., served in Patton's army during World War II and worked for over 30 years as an engineer, while his mother, Ramona, was the valedictorian of her high school class and a dedicated educator. Their legacy of hard work and compassion has profoundly influenced Dr. Dentremont's approach to his practice.

Beyond dentistry, Dr. Dentremont enjoys an active lifestyle, participating in cycling, swimming, and scuba diving while also embracing the vibrant nightlife of the Gulf Coast. He is a proud father of two grown daughters and a grandfather to three grandchildren, enjoying the beauty and community of Gulf Shores and Orange Beach.

Dr. Dentremont's motto, "All You Need is Love... and a Good Dentist," resonates with his patients, who appreciate his warm and inviting demeanor. With an influx of new residents to Coastal Alabama, Dr. Dentremont is poised to accommodate their dental needs while maintaining the high standard of care for which he is known.

The new Dentremont Dental of Foley will feature state-of-the-art facilities and a team focused on advanced dental treatments, ensuring that patients receive the best care possible. Dr. Dentremont will continue to operate his Gulf Shores location, which he fondly refers to as "the Mothership," while collaborating with a colleague at the new office to provide comprehensive services to the Foley community.
