

MOS Medical Transcription Services Welcomes Two New Clients

Oklahoma City, Oklahoma Mar 19, 2025 ([IssueWire.com](https://www.issuewire.com)) - MOS Medical Transcription Services (MTS), a leading provider of HIPAA-compliant medical transcription solutions, is pleased to announce the addition of two new clients in January, 2025: a rheumatologist based in Encinitas, California, and an orthopedic surgery center located in Scottsdale, Arizona.

With over two decades of experience since its founding in 2002, MTS has been delivering accurate and timely transcription services to a diverse range of healthcare entities, including individual physicians, group practices, clinics, hospitals, and medical management companies across the United States.

Our U.S.-trained team of medical transcription specialists and quality control staff are skilled in providing real-time, EHR-integrated transcription services across various specialties. Each transcript undergoes multiple quality checks to ensure error-free output, and we offer fast turnaround times, including "STAT" reports completed within hours. With our solutions, physicians can focus more on what matters most: patient care.

At MOS Medical Transcription Services, we prioritize the confidentiality and security of patient information. Our team is thoroughly trained in HIPAA regulations, ensuring that all medical transcription processes comply with the highest standards of patient data protection and industry regulations. Our commitment to patient privacy upholds the trust healthcare providers place in us.

Other key features of our services include:

- 99% accuracy
- HL7 integration
- Secure file transmission methods
- Affordable pricing with no setup fees or long-term contracts
- A free trial option
- Cost savings of 30-40% for our clients

We are committed to meeting the unique medical transcription requirements of our new clients and look forward to supporting their practices with our comprehensive services.

About MOS Medical Transcription Services
