

Now Available in Puerto Rico: New Credit Card Readers and The Clover POS System-The Best POS for Small Business

San Juan, Puerto Rico Feb 7, 2025 ([Issuewire.com](https://www.issuewire.com)) - Direct Processing Network, a leading provider of innovative payment processing and point-of-sale solutions, is excited to launch the latest payment technology to businesses in Puerto Rico. Direct Processing Network will be one of the only companies in Puerto Rico to offer the Clover POS system through their new brand Merchant Services Puerto Rico. This expansion will provide local businesses with state-of-the-art POS systems like the Clover Station,

Clover Mini, and the Clover Flex, along with a plethora of fast and efficient credit card readers for small businesses.

With a commitment to helping businesses grow and thrive, Direct Processing Network offers a comprehensive suite of merchant services, including credit card processing, point-of-sale systems, contactless payments, e-commerce solutions, and fraud protection. These services cater to businesses of all sizes, from small retailers to large enterprises, allowing them to optimize operations and improve their customer's experience.

"We are thrilled to bring our industry-leading merchant services to Puerto Rico," said Jose Molina, Director of Development & National Sales for Direct Processing Network. "Our mission is to empower businesses by providing secure and efficient payment solutions that meet the evolving needs of today's market. We understand the unique challenges faced by Puerto Rican businesses, and we are here to support their growth and success."

The launch of Merchant Services Puerto Rico is part of Direct Processing Network's strategic growth plan to expand its footprint and provide the best POS for small businesses with the tools they need to succeed in an increasingly digital economy. Business owners in Puerto Rico can now benefit from competitive processing rates, advanced security measures, and dedicated bilingual customer support tailored to their market.
