

Overseas Realty Launches New Platform for Premium Real Estate Investments in Bulgaria

Nesebar, Burgas Apr 1, 2025 ([Issuewire.com](https://www.issuewire.com)) - Overseas Realty, a leading real estate platform specializing in premium properties in Bulgaria, is proud to announce the launch of its new website, <https://www.overseas-realty.eu>. The platform is designed to offer international investors and homebuyers a seamless experience in finding high-quality real estate opportunities in Bulgaria's most desirable locations.

With a strong focus on luxury apartments, beachfront properties, and investment-friendly real estate, Overseas Realty provides an extensive portfolio of handpicked properties in destinations such as Sunny Beach, Sveti Vlas, [Nessebar](#), and [Bansko](#). The platform caters to both seasoned investors and first-time buyers looking for profitable real estate options in one of Europe's most attractive markets.

Key Features of the New Platform:

- A curated selection of premium real estate properties
- User-friendly search filters for easy navigation
- Expert insights on the Bulgarian property market
- Personalized consultation services for international buyers
- Comprehensive legal and financial support

“We are excited to introduce Overseas Realty as the go-to platform for international buyers seeking exclusive real estate opportunities in Bulgaria,” said Alexander Susdorf, CEO of Overseas Realty. “With our deep market knowledge, we aim to simplify the property acquisition process and help investors make informed decisions.”

Bulgaria has become an increasingly attractive destination for real estate investment due to its affordable prices, growing tourism sector, and favorable investment climate. Whether looking for a holiday home, a rental investment, or a permanent residence, Overseas Realty provides the expertise and resources needed to find the perfect property.
