

Pitts Leadership Consulting Launches “People Advising as a Service” Products

Expanding its product offerings to enhance organizational resilience

PEOPLE. LEARNING. CHANGE.

New York City, New York Feb 11, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Pitts Leadership Consulting today announced PAaaS and PAaaS3, new “People Advising as a Service” products. Available in single user, team and enterprise packages, PAaaS and PAaaS3 ensure that business leaders, teams and working groups receive the advice and guidance they need to navigate the challenges, opportunities and disruptions organizations face today.

PLC’s PAaaS offers depth of support with access to 1 advisor, while PAaaS3 provides both depth and breadth with access to up to 3 advisors. Advisors have subject matter expertise in one or more of the following: organization development, learning and development, HR strategy and operations and diversity, equity, inclusion and belonging.

“People are being asked to create the same or better outcomes with fewer resources and fewer people. We want to be a thought partner and help leaders close existing gaps,” says Shamis Pitts, PLC’s Founder and CEO. “You want guidance about how to reengage your people? Call us. You laid off your Head of DEIB and you need objective feedback on your new inclusion strategy? We can help. You’re building a new team and you want an outside perspective to get different results? We’re here.”

Benefits

- Standard plans: fixed monthly advising hours that can roll over and convert into coaching hours.
- Premium plans: unlimited monthly advising hours that can convert into coaching or consulting hours.

“We’re able to reallocate advising hours to meet our client needs as they evolve because our team has the knowledge and know-how required to adapt. We have the coaching capabilities. We’ve lead teams. That’s a differentiator,” says Pitts.

Features: PAaaS and PAaaS3 are available in 3, 6, 9 and 12-month terms. All packages include monthly summary reports and engagement via email between sessions.
