

Zunir Chaudhry, MD, joins Access TeleCare as part-time tele-neurologist and advancing his vascular neurology at TriStar

Enhancing Neurology Care in Nashville and Beyond with Cutting-Edge Virtual Medicine

New York City, New York Feb 14, 2025 ([Issuewire.com](https://www.issuewire.com)) - Access TeleCare is proud to announce

the appointment of Zunir Chaudhry, MD, as a part-time Tele-Neurologist, effective November 2024. Dr. Chaudhry brings a wealth of knowledge and expertise to the team, alongside his current role as a Vascular Neurologist at HCA Healthcare | TriStar Division's TriStar Centennial Medical Center, which he began in July 2024.

A Nashville native, Dr. Chaudhry's journey into medicine began at Middle Tennessee State University, where he earned a Bachelor of Science in Biochemistry. His passion for neurology ignited during high school when he shadowed a neurologist and was captivated by the profound impact that medical professionals can have on patients' lives. This experience motivated him to pursue a career in medicine, culminating in his Medical Degree from Saint James School of Medicine in 2019. While in medical school, Dr. Chaudhry actively engaged in leadership roles, serving two terms as President of the Student Government Association and one term as Vice President. He was also a dedicated member of the American Medical Student Association (AMSA).

Following his graduation, Dr. Chaudhry completed a rigorous residency in neurology at the University of Central Florida from 2019 to 2023. He further honed his expertise by completing a fellowship in vascular neurology at The University of Tennessee Health Science Center, which he finished in June 2024. Dr. Chaudhry is now licensed to practice medicine in Tennessee, Florida, Michigan, and Pennsylvania, enabling him to extend his reach and provide critical care to patients across multiple states.

At Access TeleCare, Dr. Chaudhry leverages telemedicine technology to deliver high-quality neurological care to patients, ensuring they receive expert guidance and treatment from the comfort of their homes. This innovative approach aligns with his commitment to improving patient outcomes and accessibility to specialized medical services.
