

Beyond Braces Orthodontics Elevates Smile Transformations in Sachse and Garland, Texas

Sachse, Texas Jan 14, 2026 ([Issuewire.com](https://www.issuewire.com)) - Beyond Braces Orthodontics is redefining orthodontic care in Garland, Sachse, and neighboring communities. Led by Dr. Eugene Han, a board-certified orthodontist in Garland with over a decade of experience, the clinic provides comprehensive services tailored to meet the unique needs of children, teens, and adults.

Traditional braces remain a cornerstone of orthodontic care at Beyond Braces Orthodontics. The clinic offers metal and clear ceramic brackets to address various alignment issues. These braces are carefully adjusted throughout treatment, typically 6 to 36 months, depending on the patient's needs. The team uses precision techniques to ensure optimal results while maintaining patient comfort and satisfaction.

For those seeking a more discreet alternative to traditional braces, clear aligners provide an excellent option. These nearly invisible aligners are custom-designed to gradually correct misalignments without the need for wires or brackets. With treatment durations similar to traditional braces, the aligners offer a modern solution for achieving a beautifully aligned smile.

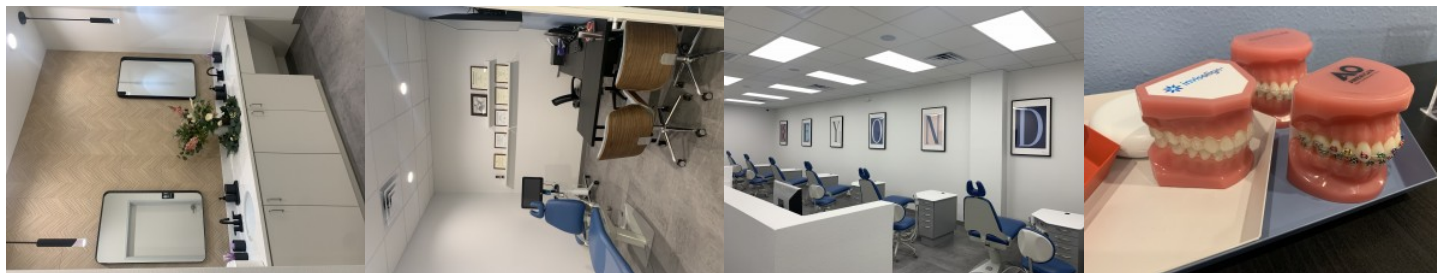

Beyond Braces Orthodontics also provides specialized orthodontic appliances for patients requiring additional support for specific dental or jaw issues. These appliances can address concerns such as narrow palates or habits like thumb-sucking and are particularly beneficial for younger patients aged 7 to 11. Often used in conjunction with braces, these tools help guide proper development and alignment over the course of 6 to 18 months, laying the foundation for long-term oral health.

At the heart of the clinic's approach is its dedication to patient-centric care. Every treatment plan is uniquely tailored to the patient's needs, using advanced diagnostic tools such as intraoral photography, radiographs (x-rays), and 3D scans with the iTero scanner. This technology ensures accurate assessments and allows the team to craft precise and effective treatment plans to deliver the best possible outcomes for every patient.

Beyond Braces Orthodontics serves Sachse and neighboring communities, including Murphy, Rowlett, Plano, Garland, Richardson, Wylie, Allen, and Lucas. The orthodontist Garland (<https://tinyurl.com/Orthodontist-Garland-TX>) is committed to making orthodontic care accessible and affordable by offering flexible financing options and working with various insurance providers. Patients can schedule appointments conveniently online through the clinic's user-friendly website, ensuring a seamless experience from start to finish.
