

DEV IT Secures Prestigious Data Analytics Contract from National Informatics Centre (NIC)

Ahmedabad, Gujarat Mar 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - DEV Information Technology Ltd. (DEV IT), a leading provider of IT solutions, has secured a significant **services and supply contract from the National Informatics Centre (NIC)**. This latest contract underscores DEV IT's expertise in **data analytics and digital transformation**, reinforcing its position as a trusted technology partner for government initiatives.

The contract, valued at **₹86 lakh**, focuses on providing **advanced data analytics solutions** to the Media Informatics Division of NIC. Through this project, DEV IT will leverage its cutting-edge **data processing and analytical capabilities** to enhance NIC's digital infrastructure, enabling **real-time insights, improved decision-making, and greater operational efficiency**.

Driving Innovation in Government Data Analytics

The partnership with NIC aligns with DEV IT's mission to empower government agencies with **scalable,**

secure, and data-driven solutions. By utilizing **cloud-based analytics, AI-powered insights, and customized reporting tools**, DEV IT aims to support NIC in streamlining processes and delivering enhanced digital services.

“We are honored to collaborate with NIC on this pivotal project. Our expertise in **data analytics and AI-driven solutions** will play a key role in **transforming government data management systems**, ensuring transparency, security, and efficiency,” said **Mr. Jaimin Shah, CEO of DEV IT**.

Strengthening DEV IT’s Market Presence

This contract win further solidifies DEV IT’s reputation as a leading **IT solutions provider in the government and public sector domain**. Over the years, the company has successfully implemented **numerous digital transformation projects** across various industries, helping organizations harness the power of data.

About DEV IT

DEV Information Technology Ltd. (DEV IT) is a globally recognized IT solutions provider specializing in **cloud computing, enterprise applications, cybersecurity, and data analytics**.
