About the Author

Dr. Julius Mosley II was born and raised in St. Petersburg, Florida. A proud graduate of Florida A&M University, he went on to earn his dental degree from Howard University Dental School. During the Vietnam War, he served as a Dental Officer at Travis Air Force Base in California, later continuing a successful career as a practicing dentist for over 40 years.

Beyond his professional accomplishments, Dr. Mosley is a devoted husband of 37 years and a proud father of three adult children. He has also faithfully served as the ministry head of evangelism and discipleship for over two decades at his local fellowship, where he remains an active member.

Dr. Mosley's spiritual journey began early. As a fourth-grader, he was already searching for the reason behind his existence, questioning the deeper meaning of life. Alongside his childhood dream of becoming a dentist, he held an even greater desire: to understand and share the path to eternal life. He has fulfilled both callings—caring for people's physical needs through dentistry and guiding others toward spiritual truth. Today, he continues to glorify God by helping others discover the life they were truly meant to live.
