

Elevate Your Digital Presence: Magna opus Software Services Delivers Cutting-Edge Web & App Development

At Magna opus Software Services Pvt Ltd, we empower businesses in India and abroad with innovative web and mobile app design and development solutions that drive digital transformation and sustainable growth

Jalandhar, Punjab Jan 14, 2026 ([Issuewire.com](https://www.issuewire.com)) - In an era where digital transformation is reshaping industries, **Magna Opus Software Services Pvt Ltd**, a dynamic IT solutions provider, is making waves in the world of **website and mobile application development**. With a highly skilled **10-member team**, the company specializes in crafting customized digital solutions that enhance business processes, improve efficiency, and drive profitability for clients worldwide.

A Vision Rooted in Experience and Innovation

Founded by **Lakhwinder Kaur**, an experienced educator and technologist, Magna Opus Software Services is built on a strong foundation of academic excellence and industry expertise. With over **two decades of experience** in teaching **programming and software development** at **reputed colleges and technical institutions**, she has trained and mentored MCA, BCA, and MBA students, contributing significantly to the IT education landscape. Her passion for technology and innovation led her to publish **13 research papers** in prestigious journals and conference proceedings, showcasing

her deep expertise in the field.

In 2016, at the age of 44, she decided to **turn her knowledge into action** by launching her own IT firm, **Magna-Opus Software Solutions**, which later evolved into **Magna Opus Software Services Pvt Ltd in 2021** to scale operations and expand service offerings. While **Lakhwinder Kaur** leads all aspects of business operations, her husband Dr Jagjit Singh has provided financial and advisory support to sustain growth, allowing the company to continue delivering **high-quality, customized software solutions**.

Empowering Businesses with Tailored Software Solutions

Understanding the **unique challenges** faced by businesses today, Magna Opus Software Services takes a **client-centric approach** in its development process. The company offers a diverse range of services, including:

- **Custom Web Development** – Responsive, dynamic, and e-commerce websites tailored to business needs.
- **Mobile Application Development** – High-end **Flutter and React Native** apps for both **iOS and Android**.
- **Business Process Automation** – Transforming manual operations into **streamlined digital workflows**.
- **Integration of Third-Party APIs** – Payment gateways, live chat, location-based services, and CRM integrations.
- **Custom Software Development** – Tailor-made software solutions that **automate operations and enhance productivity**.

“Our mission is to **help businesses leverage technology** to simplify complex processes, enhance customer engagement, and scale operations efficiently,” says **Dr Jagjit Singh, Director of Magna Opus Software Services Pvt Ltd**. “We believe that every business, regardless of its size, deserves access to **powerful digital solutions** that drive growth.”

Why Magna Opus Software Services Stands Out

Unlike conventional development agencies, Magna Opus Software Services goes beyond basic software creation. The company stands out for its:

- ❓ **Agile Development Process** – Ensuring **rapid development and timely project delivery**.
- ❓ **Affordable & Scalable Solutions** – Catering to businesses of all sizes without compromising on quality.
- ❓ **Client-First Approach** – Providing **personalized consultation and transparent communication**.
- ❓ **Commitment to Security & Performance** – Delivering applications that are **fast, secure, and optimized for seamless user experience**.

The company’s portfolio includes **over 300 successfully delivered projects**, with clients spanning across different countries and industries like **finance, healthcare, e-commerce, logistics, lifestyle and education**. Whether it’s an **An manufacturing process data processing or customer**

support or an **enterprise-grade e-commerce platform**, Magna Opus Software Services has consistently delivered solutions that transform businesses.

Expanding Reach & Seeking Strategic Partnerships

With a growing list of satisfied clients, Magna Opus Software Services is now looking to **expand its reach** and form **strategic partnerships** with businesses that seek **long-term digital transformation solutions**. The company is actively engaging with startups, SMEs, and large enterprises to explore **collaborations in web and mobile app development**.

“Every business has a unique story, and we want to be part of that journey,” adds **Lakhwinder Kaur, Founder & CEO of Magna Opus Software Services Pvt Ltd**. “By providing **cost-effective, high-quality digital solutions**, we aim to bridge the gap between technology and business success.”
