Mason Dixon Distillery today announces that their fast-growing line of canned cocktails is now being sold in over 50 Beverage Distributors in Pennsylvania, with many more Distributor locations pending. Owner Yianni Barakos states, "The response to our new canned cocktails has been beyond our expectations. We are so excited to bring these new products to our customers."

Mason Dixon Canned Cocktails are made in PA with Mason Dixon Distillery's own hand-crafted Spirits from their own Mixologist-inspired Recipes. Barakos adds, "These are real cocktails, not flavored water with generic alcohol added like others. Customers can taste the difference and prefer Mason Dixon over others. Me and my team meticulously craft each flavor using the best ingredients. We'd love for you to taste them and see for yourself."

Mason Dixon has created a Distributor Location map on their website, where customers can find a Beverage Distributor near them that is carrying Mason Dixon Canned Cocktails. new flavors and a promotional campaign.

When asked why customers enjoy these new canned cocktails, Barakos responds, “These cocktails are refreshing and flavorful, making them a perfect choice for picnics, parties, and events, and customers like that there are a variety of flavors available including Iced Tea & Lemonade, Bourbon & Ginger Ale, Jalapeno Mule, Vodka Cranberry, Lavender Lemonade, Cranberry Peach and Transfusion, plus Seasonal Specialties like Irish Coffee Espresso Martinit and Honeycrisp Apple Pie”.
