

Film-maker Suneel Darshan introduces Aayush Kumar in 'ANDAAZ 2'

Mumbai, Maharashtra Mar 5, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Veteran Filmmaker Suneel Darshan introduces Aayush Kumar in Andaaaz 2 , When spoken to Aayush on his journey in Mumbai so far, Aayush confidently replied "After dropping out of my MBA University Business School Chandigarh, I landed in Mumbai to be a part of the Hindi Film Industry. My parents who reside in Gurgaon were worried about how I would make it here without having any sort of connections whatsoever in the Film Industry. Acting brings me joy and with a determination to make my parents proud, just like every middle-class boy aspires, I landed in tinsel town to fulfill my ambition."

Aayush's first interaction with Suneel Darshan was when he met Suneel Darshan through a casting director who mentioned to him that there were some interesting roles to take on in his newly commencing project.

"A brief conversation with him through the meeting resulted in my landing into the coveted lead role in Andaaaz 2 which came to me by surprise and I actually pinched myself to check whether this was a dream or reality. I had watched his movies Jaanwar, Andaaaz, Ek Rishtaa and others several times but never dreamt that he would be directing me someday." Aayush Kumar continues.

On his role in Andaaaz 2, Aayush was very excited and replied smilingly, "I can't reveal the plot of Andaaaz 2 due to confidentiality reasons. However, I would sum it up as the journey of a young, believable middle-class boy named Aarav who is truly inspirational and has absolute confidence to achieve what he has set out for. His journey is going to entertain & inspire millions. Like the earlier Andaaaz (2003), this movie also has a triangular love story and some amazing music, yet the depth of its drama is so true to life that I am sure it deserves to be an inspiration for the youth."

Andaaaz 2's music is now out on the YouTube Official Shree Krishna International channel. The movie is slated for a Summer 2025 release.
