

I Solution Microsystems Honored with NASSCOM Excellence Award for Transformation Catalyst for SMEs

Recognized for driving digital transformation in the SME sector at ceremony graced by Shri Piyush Goyal

Jaipur, Rajasthan Mar 29, 2025 ([Issuewire.com](https://www.issuewire.com)) - I Solution Microsystems Pvt. Ltd., a leading technology solutions provider, has been honored with the **NASSCOM Excellence Award for Transformation Catalyst for SMEs** at a prestigious ceremony held at Shangri-La Eros, New Delhi. The award was presented by **Shri Piyush Goyal, Minister of Commerce & Industry**, recognizing the company's outstanding contributions to **empowering India's small and medium enterprises (SMEs) through Shopaccino**, its flagship [SaaS-based eCommerce platform](#) that simplifies online selling and business management.

Award Details & Significance

The **NASSCOM Excellence Award** celebrates organizations at the forefront of **enabling digital transformation for SMEs**. [I Solution Microsystems](#) was recognized for Shopaccino, a comprehensive **eCommerce platform** that allows businesses to launch, manage, and scale their online stores effortlessly.

Shopaccino provides an **integrated web and mobile app solution** for brands, enabling them to

seamlessly manage their eCommerce operations across multiple digital touchpoints. With customizable storefronts, seamless integrations, and multi-currency support, Shopaccino has empowered thousands of SMEs across India to enhance their operations, expand their reach, and boost revenue streams in the digital economy.

Quote from Leadership

*"This recognition from NASSCOM validates our commitment to creating accessible, innovative solutions that level the playing field for SMEs," said **Vishal Singhal, Founder & Managing Director of I Solution Microsystems Private Limited**. "With Shopaccino, we aim to make eCommerce simple, scalable, and efficient for small businesses. By providing an integrated web and mobile app solution, we empower brands to engage customers seamlessly across platforms. This award motivates us to continue developing transformative solutions for India's vibrant SME sector."*
