**Indi IT Solutions**

**Mohali, Punjab Mar 26, 2025 ([Issuewire.com](https://www.issuewire.com))** - INDI IT Solutions, a leading IT services firm, today announced the expansion of its global reach, offering comprehensive custom web, mobile application, and software development solutions to businesses worldwide. The company also provides dedicated teams of experts to augment development, design, and digital marketing capabilities.

INDI IT Solutions assists clients in navigating the complexities of modern technology by creating customized solutions that align with their specific business objectives. With a commitment to delivering high-quality and scalable applications, the company serves diverse industries, including healthcare, finance, retail & AI.

“In today’s rapidly evolving digital landscape, businesses require robust and adaptable technology solutions to maintain a competitive edge,” said Nirwair Singh Deol, Founder and Managing Director of INDI IT Solutions. “INDI IT Solutions is committed to providing innovative and reliable services that empower our clients to achieve their strategic goals. Our dedicated teams possess the expertise and

experience necessary to support businesses in scaling their development, design, and digital marketing efforts.”

INDI IT Solutions’ core service offerings include:

- **Custom Web Development:** Creating tailored web solutions to meet specific business requirements.
- [Mobile Application Development](#): Developing native iOS and Android applications for a variety of platforms.
- **Software Development:** Building customized software solutions to address unique business challenges.
- **Dedicated Team Augmentation:** Providing dedicated teams of skilled professionals to support clients’ existing development, design, and digital marketing teams.

INDI IT Solutions’ global reach allows it to serve clients across diverse geographies, providing cost-effective and high-quality solutions. The company’s commitment to client satisfaction and its proven track record make it a trusted partner for businesses seeking to leverage the power of technology to achieve their objectives.
