

Laura E. Peugh: A Passionate Advocate for Patient Care and Wellness

From Farm Roots to Healthcare Advocate, Laura E. Peugh Embodies the Spirit of Healing and Empowerment

New York City, New York Mar 27, 2025 ([Issuewire.com](https://www.issuewire.com)) - Laura E. Peugh is a dedicated healthcare professional, mother, and wife, who is making waves in the nursing and holistic health communities. With a robust educational background and an unwavering commitment to advocating for those without a voice, Laura is a beacon of hope and healing for her patients.

Academically, Laura's journey in nursing began with her education at Clear Fork in 1994, laying the foundation for a career centered around healthcare and compassion. She pursued her Registered Nurse (RN) degree at Central Ohio Technical College, graduating in 2019, and furthered her education with a Bachelor of Science in Nursing from Chamberlain University in 2021. Her continuous quest for knowledge led her to specialize in Population Health, Case Management, and Patient Education at Chamberlain School of Nursing in 2022. Additionally, Laura earned her Licensed Practical Nurse (LPN) certification from Hondros College in 2014.

Throughout her career, Laura has actively engaged with professional organizations, including the Ohio Nurses Association and the American Nurses Association, to stay abreast of best practices and contribute to the nursing community. Her areas of expertise in population health reflect her dedication to improving patient outcomes and advocating for comprehensive care strategies that address the needs of diverse populations.

Laura attributes her success in the healthcare field to her passion for patient advocacy, a value instilled in her from a young age. Growing up on a farm, she learned the importance of hard work and self-reliance from her father, lessons that continue to shape her approach to healthcare. Laura's holistic perspective on healing integrates both Western and Eastern modalities, allowing her to provide well-rounded care to her patients.

As she prepares to become a Certified Naturopathic Doctor this fall, Laura is excited to expand her practice and offer even greater support to those in need. Her dedication to education, compassion, and healing makes her a valuable asset to the healthcare community.
