

Min Sun Kim, DO, Joins Mass General Brigham Healthcare System as a Board-Certified Neurologist

Expert Neurologist Enhances Patient Care Across Boston and South Weymouth, Massachusetts

New York City, New York Mar 14, 2025 ([Issuewire.com](https://www.issuewire.com)) - Min Sun Kim, DO, a highly skilled and board-certified neurologist, has become a valued member of the renowned Mass General Brigham healthcare system. With affiliations at Brigham and Women's Hospital, Brigham and Women's Faulkner Hospital, Brigham and Women's Hospital Neurosciences Center, and South Shore Hospital, Dr. Kim is well-positioned to make meaningful contributions to advancing neurological care throughout the region.

Dr. Kim completed her medical education at Michigan State University College of Osteopathic Medicine, where she earned her Doctor of Osteopathic Medicine Degree in 2019. She then honed her clinical skills through a rigorous internship at Temple University Health System from 2019 to 2020, followed by a comprehensive neurology residency at the same institution from 2020 to 2023. To further augment her expertise, Dr. Kim pursued a fellowship in vascular neurology at UCLA Medical Center from 2023 to 2024, focusing on advanced techniques and treatments in the field.

As a board-certified neurologist by the American Board of Psychiatry and Neurology, Dr. Kim is dedicated to providing exceptional patient care. Her professional affiliations include being a Clinical Fellow of the American Academy of Neurology and a Fellow of the American Heart Association. These credentials underscore her commitment to staying at the forefront of neurological research and practice.

Dr. Kim's passion for neurology stems from her commitment to improving the lives of her patients with compassionate, evidence-based care. She is honored to be part of Mass General Brigham, working alongside a team of skilled professionals. Dr. Kim is excited to collaborate on innovative treatments and contribute to enhancing the quality of life for individuals affected by neurological conditions.

In addition to her professional qualifications, Dr. Kim is multilingual, speaking both English and Korean. This ability allows her to connect with a diverse patient population, ensuring that language barriers do not hinder access to quality healthcare.
