

Ozrit Expands Global Presence with New Office in New York

Ozrit Web Development Firm Strengthens Global Reach with a New Office in the Heart of New York City

New York City, New York Mar 24, 2025 ([Issuewire.com](https://www.issuewire.com)) - Ozrit, a top web development company with over 3,000+ successful projects, is proud to announce its expansion into the United States. This strategic move reinforces Ozrit's commitment to serving a growing international clientele and delivering world-class digital services.

Founded in 2009, Ozrit has built a reputation as a top web development company, offering cutting-edge solutions in web development, mobile app development, custom software solutions, e-commerce platforms, digital marketing, and IT infrastructure development. With a robust team of 500+ professionals and a strong presence in India, the UK, and Canada, Ozrit is well-positioned to drive innovation and digital transformation for businesses worldwide.

In the U.S. market, Ozrit will emphasize its expertise in AI-powered web applications, enterprise software solutions, and advanced cybersecurity services tailored to meet the needs of American businesses. As a [top web development company](#), Ozrit is committed to providing localized solutions that align with the regulatory and operational requirements of U.S. enterprises.

Bharath Gupta, CEO of Ozrit, expressed enthusiasm about the expansion: "Establishing our presence in New York marks a significant milestone in our journey. This expansion allows us to work closely with our clients in the U.S., offering tailored solutions that help businesses thrive in the digital landscape."

The new office is expected to create numerous job opportunities in New York, further strengthening Ozrit's commitment to innovation and economic growth. With its expertise in delivering scalable and high-performance digital solutions, Ozrit continues to push the boundaries of customer satisfaction and industry excellence.

The New York office will serve as a hub for collaboration with enterprises, startups, and organizations looking for top-tier web and application development services.
