**Mumbai, Maharashtra Mar 4, 2025 ([IssueWire.com](https://www.issuewire.com))** - We from the team of "Om Sai Meera Productions" are blessed to showcase the poster of our Short film "Kasoor", which is soon to screen on OTT platforms.

"Kasoor" is a story on Old Age and how parental love is important. How children leave, just because they can't take care of.

Kasoor Written by Rita Das and produced by OM Sai Meera Productions. "KASOOR" featuring Manoj Malhotra, Priyanka Raina, Jyothi Venkatesh, Nakul Khanna, Rita Das in pivotal roles. The movie is directed by Priyanka Raina.

The Writer's Rita Das Note as Convicted, "Today's world, it's becoming more common to see children take their parents for granted. They often fail to appreciate the countless sacrifices their parents made for them and the love they provided throughout their lives. The truth is, when children were young, their parents were their biggest supporters — giving everything they had to care for and nurture them."

This is the story of one such family, who lived their lives with a strong belief that their children would always be there for them. The parents, though, never relied on friends or relatives; they invested all their love and hope into their children, expecting that their bond would be unbreakable.

Years passed, and the parents continued to care for their children, teaching them values, providing comfort, and making sacrifices without asking for anything in return. But as the children grew older, they started distancing themselves. They became busy with their own lives, unaware of how much their parents had done for them.

At the end of the story, when the parents needed their children the most, they found themselves alone. Their children, who once relied on them, were no longer there to offer support. The parents, who had given everything for their children, were now left to face the world on their own.

This story reminds us that we should never forget the sacrifices our loved ones — whether family or friends — have made for us. It's easy to get caught up in the busyness of life, but we must remember that family and friends are our greatest support, and their love is something we should never take for granted.

This version emphasizes the message that we shouldn't forget the importance of our loved ones, and the impact of appreciating and reciprocating their care and sacrifices.

Do tell your comments on the Kasoor Poster, the Movie will release shortly on OTT platforms.
